Information About The Annual Meeting and Voting

1. What am I Voting on?

Our Board of Directors ("Board") of GameStop Corp. ("GameStop," the "Company," "we," "us," or "our") is soliciting your vote for the following:

Business Items	Board Voting Recommendation	Page Reference
1. To elect the eight nominees identified in this Proxy Statement to serve as directors on the Board	FOR Each Director Nominee	8
2. To approve, on an advisory, non-binding basis, our executive compensation	FOR	22
3. To ratify our Audit Committee's appointment of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending February 2, 2019	FOR	44

The Board knows of no other business that will be presented for consideration at the annual meeting. If any other matter should be properly presented at the annual meeting or any adjournment or postponement of the annual meeting for action by the stockholders, the persons named in the proxy card will vote the proxy in accordance with their best judgment on such matter.

2. Who Is Entitled to Vote?

Holders of record of shares of common stock as of the close of business on May 4, 2018 are entitled to notice of and to vote at the annual meeting. Shares of common stock can be voted only if the stockholder is present in person or is represented by proxy at the annual meeting. As of the record date, 101,870,874 shares of common stock were issued and outstanding and entitled to vote.

3. How Do I Vote?

Stockholders of Record. If you are a stockholder of record, there are several ways for you to vote your shares of common stock at the annual meeting:

- **Voting by Internet.** You may vote your shares through the Internet by signing on to the website www.proxypush.com/gme and following the procedures described therein. Internet voting is available 24 hours a day, and the procedures are designed to authenticate votes cast by using a personal identification number located on the proxy card. The procedures allow you to appoint a proxy to vote your shares and to confirm that your instructions have been properly recorded. If you vote through the Internet, you should not return your proxy card.
- **Voting by Mail.** If you choose to vote by mail, simply complete the enclosed proxy card, date and sign it, and return it in the postage-paid envelope provided. If you sign your proxy card and return it without marking any voting instructions, your shares will be voted: (1) FOR the election of the director nominees identified in this Proxy Statement; (2) FOR the approval of the compensation of our Named Executive Officers (as defined in Proposal 2); and (3) FOR the ratification of our Audit Committee's appointment of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending February 2, 2019.
- **Voting by Telephone.** You may vote your shares by telephone by calling toll-free 1-855-847-1311. Telephone voting is available 24 hours a day, and the procedures are designed to authenticate votes cast by using a personal identification number located on the proxy card. The procedures allow you to appoint a proxy to vote your shares and to confirm that your instructions have been properly recorded. If you vote by telephone, you should not return your proxy card.
- **In Person Attendance.** You may vote your shares in person at the annual meeting. Even if you plan to attend the annual meeting in person, we recommend that you submit your proxy card by mail or voting instructions via the Internet or by telephone by the applicable deadline so that your vote will be counted if you later decide not to attend the annual meeting.

Beneficial Owners. If you are a stockholder whose shares are held in “street name” (i.e., in the name of a broker or other custodian) you may vote the shares in person at the annual meeting only if you obtain a legal proxy from the broker or other custodian giving you the right to vote the shares. Alternatively, you may have your shares voted at the annual meeting by following the voting instructions provided to you by your broker or custodian. Although most brokers offer voting via the Internet, by telephone, and mail, availability and specific procedures will depend on their voting arrangements. If you do not provide voting instructions to your broker or other custodian, your shares are referred to as “uninstructed shares.” Under rules of the New York Stock Exchange (“NYSE”), your broker or other custodian does not have discretion to vote uninstructed shares on non-routine matters, such as Proposals 1 and 2, and, accordingly, may not vote uninstructed shares in the votes on such Proposals. However, your broker or other custodian has discretion to vote your shares on Proposal 3 (Ratification of the Appointment of our Independent Registered Public Accounting Firm). See below “What is a Broker Non-Vote?”

4. How May You Revoke or Change Your Vote?

You may revoke your proxy at any time before it is voted at the annual meeting by any of the following methods:

- Submitting a later-dated proxy via the Internet, over the telephone or by mail.
- Sending a written notice, including by fax, to our Secretary. You must send any written notice of a revocation of a proxy so as to be delivered before the taking of the vote at the annual meeting to:

GameStop Corp
625 Westport Parkway
Grapevine, Texas 76051
Attention: Secretary

- Attending the annual meeting and voting in person. Your attendance at the annual meeting will not in and of itself revoke your proxy. You may also vote your shares at the annual meeting, if you choose to do so.

5. What Constitutes a Quorum?

A quorum of common stockholders is required to hold a valid annual meeting of stockholders. Unless a quorum is present at the annual meeting, no action may be taken at the annual meeting except the adjournment thereof to a later time. The holders of a majority of the outstanding shares of common stock entitled to vote at the meeting must be present in person or by proxy to constitute a quorum. All valid proxies returned will be included in the determination of whether a quorum is present at the annual meeting. The shares of a stockholder whose ballot on any or all proposals is marked as “abstain” will be treated as present for quorum purposes. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those uninstructed shares, constituting “broker non-votes,” will be considered as present for determining a quorum, but will not be voted with respect to that matter.

6. What Is a Broker Non-Vote?

A “broker non-vote” occurs when a nominee (such as a custodian or bank) holding shares for a beneficial owner returns a signed proxy but does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

7. What Vote Is Required to Approve Each Proposal?

Voting Rights Generally. Each share of common stock is entitled to one vote on each matter to be voted on at the annual meeting. Stockholders have no cumulative voting rights. Although the advisory vote on Proposal 2 is non-binding, as provided by law, the Compensation Committee of the Board and the Board will review the results of the vote and, consistent with our record of stockholder engagement, will consider the results of the vote when making future compensation decisions.

Election of Directors. Our Bylaws provide that, in an uncontested election, a nominee for director is elected only if such nominee receives the affirmative vote of a majority of the total votes cast for and against such nominee. The majority voting standard would not apply in contested elections, and directors are elected by a plurality of the votes cast in a contested election.

The majority voting standard will apply to the election of directors at the 2018 annual meeting. Accordingly, a nominee for election to the Board will be elected if the number of votes cast “for” such nominee exceeds the number of votes cast “against” that nominee. Abstentions and broker non-votes will not be treated as votes cast in the election of a director and will therefore have no effect on the result of such vote.

The Board has also adopted a resignation policy which is included in our Bylaws, under which a director nominated for re-election who fails to receive the required majority of votes cast for re-election will be required to tender his or her resignation to the Board. Within 90 days following certification of the stockholder vote, the Nominating and Corporate Governance Committee of the Board will be required to recommend to the Board whether the Board should accept the resignation, and the Board will be required to act on the recommendation,

taking into account any factors it considers relevant, and publicly disclose its decision and the rationale behind it. The director whose resignation is under consideration will not participate in the recommendation of the Nominating and Corporate Governance Committee or the decision of the Board regarding his or her resignation.

Advisory Vote on Executive Compensation. Approval on an advisory, non-binding basis of the compensation of our Named Executive Officers requires the affirmative vote of a majority of all votes cast on this Proposal. Abstentions and broker non-votes will therefore have no effect on the result of such vote. As an advisory vote, the proposal to approve the compensation of our Named Executive Officers is not binding upon us. However, the Compensation Committee of the Board, which is responsible for designing and administering our executive compensation programs, and the Board, value the opinions expressed by our stockholders and will consider the results of the vote when making future compensation decisions.

Ratification of Appointment of Independent Registered Public Accounting Firm. Ratification of our Audit Committee's appointment of Deloitte as our independent registered public accounting firm for our fiscal year ending February 2, 2019 requires the affirmative vote of a majority of all votes cast on this Proposal. Abstentions will therefore have no effect on the result of such vote. If the stockholders should not ratify the appointment of Deloitte, the Audit Committee will reconsider the appointment.

8. Who Counts the Votes?

We have engaged Computershare, our transfer agent, as our inspector of elections to receive and tabulate votes. Computershare will separately tabulate "for" and "against" votes, abstentions and broker non-votes. Computershare will also certify the results and determine the existence of a quorum and the validity of proxies and ballots.

9. Who Pays the Cost of Solicitation of Proxies?

We will pay for the cost of preparing, assembling, printing, mailing and distributing these proxy materials. Our directors, officers and employees may solicit proxies or votes in person, by telephone, or by electronic communication. Such individuals will not receive any additional compensation for these solicitation activities. We will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of our stock.

10. What Does it Mean if I Receive More Than One Proxy Card?

Some of your shares may be registered differently or held in more than one account. You should vote each of your accounts via the Internet, by telephone or mail. If you mail proxy cards, please sign, date and return each proxy card to assure that all of your shares are voted. If you hold your shares in registered form and wish to combine your stockholder accounts in the future, you should contact our transfer agent, Computershare, at P.O. Box 30170, College Station, TX 77842-3170; or by calling Computershare at 1-800-522-6645 (outside the United States, phone 1-201-680-6578) and providing such information. Combining accounts reduces excess printing and mailing costs, resulting in savings for us that benefit you as a stockholder.

11. What if I Receive Only One Set of Proxy Materials Although There Are Multiple Stockholders at My Address?

If you and other residents at your mailing address own shares of common stock you may have received a notice that your household will receive only one Annual Report, Proxy Statement and Notice of Internet Availability of Proxy Materials. If you hold shares of common stock in street name, you may have received this notice from your broker or other custodian and the notice may apply to each company in which you hold shares through that broker or custodian. This practice of sending only one copy of proxy materials is known as "householding." The reason we do this is to attempt to conserve natural resources. If you did not respond to a timely notice that you did not want to participate in householding, you were deemed to have consented to the process. If the foregoing procedures apply to you, one copy of our Annual Report, Proxy Statement and Notice of Internet Availability of Proxy Materials has been sent to your address. You may revoke your consent to householding at any time by sending your name, the name of your brokerage firm, and your account number to Computershare at P.O. Box 30170, College Station, TX 77842-3170; or by calling Computershare at 1-800-522-6645 (outside the United States, phone 1-201-680-6578) and providing such information. The revocation of your consent to householding will be effective 30 days following its receipt. In any event, if you did not receive an individual copy of this Proxy Statement, our Annual Report and Notice of Internet Availability of Proxy Materials, we will send a copy to you, free of charge, if you address your written request to GameStop Corp., 625 Westport Parkway, Grapevine, Texas 76051, Attention: Mike Loftus, Vice President, Global Controller and Investor Relations or by calling at (817) 424-2000. If you are receiving multiple copies of our Annual Report, Proxy Statement and Notice of Internet Availability of Proxy Materials, you can request householding by contacting Investor Relations in the same manner.

12. How Do I Submit a Stockholder Proposal for Next Year’s Annual Meeting?

Stockholder proposals may be submitted for inclusion in the proxy statement for our 2019 annual meeting of stockholders in accordance with Rule 14a-8 of the Securities and Exchange Commission (“SEC”). See “Other Matters—Proposals Pursuant to Rule 14a-8” later in this proxy statement. In addition, eligible stockholders are entitled to nominate and include in our proxy statement for our 2019 annual meeting Director nominees, subject to limitations and requirements in our Bylaws. See “Other Matters—Proxy Access Director Nominees” later in this proxy statement. Any stockholder who wishes to propose any business at the 2019 annual meeting other than for inclusion in our proxy statement pursuant to Rule 14a-8 or pursuant to the proxy access provisions in our Bylaws must provide timely notice and satisfy the other requirements for stockholders proposals in our Bylaws. See “Other Matters—Other Proposals and Nominees” later in this proxy statement. Proposals should be sent via registered, certified, or express mail to: Secretary, GameStop Corp., 625 Westport Parkway, Grapevine, Texas 76051.

13. What is Included in the Proxy Materials?

The 2017 Annual Report includes our audited financial statements for our fiscal year ended February 3, 2018 (“fiscal 2017”), along with other financial information about us. Mrs. Shern is not seeking reelection and will be retiring from the Board at the end of her current term in June 2018. We intend to designate Mr. Zilavy as the Audit Committee Chair in June 2018. In addition to meeting the independence standards of the NYSE, each member of the Audit Committee is financially literate and meets the independence standards established by the SEC. The Audit Committee met 9 times during fiscal 2017.

The Compensation Committee met 8 times during fiscal 2017.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is primarily responsible for:

- Reviewing and recommending to the Board candidates for service on the Board and its committees, including the nomination of existing directors;
- Periodically reviewing and making recommendations to the Board regarding the size and composition of the Board and its committees;
- Annually reviewing the independence of the directors;

- Overseeing the annual performance evaluation of the Board and its committees and management; and
- Periodically reviewing and recommending changes to the Company's Corporate Governance Guidelines.

The current members of the Nominating and Corporate Governance Committee are Jerome L. Davis (Chair), Steven R. Koonin and Lawrence S. Zilavy, all of whom meet the independence standards of the NYSE. The Board has adopted a written charter setting out the functions of the Nominating and Corporate Governance Committee, a copy of which can be found on our website at <http://investor.gamestop.com> and is available in print to any stockholder who requests it in writing to the Company's Secretary, GameStop Corp., 625 Westport Parkway, Grapevine, Texas 76051. The Nominating and Corporate Governance Committee met 5 times during fiscal 2017.

Minimum Qualifications

The Nominating and Governance Committee ensures that the Board possesses the right mix of skills and experiences to provide effective guidance and oversight to management as it executes the Company's long-term strategy. The Nominating and Corporate Governance Committee does not set specific minimum qualifications for directors except to the extent required to meet applicable legal, regulatory and stock exchange requirements, including, but not limited to, the independence requirements of the NYSE and the SEC, as applicable. Nominees for director are selected on the basis of outstanding achievement in their personal careers; board experience; wisdom; integrity; diversity; ability to make independent, analytical inquiries; understanding of the business environment; and willingness to devote adequate time to Board duties. The Nominating and Corporate Governance Committee and the Board believe that Board membership should reflect diversity in its broadest sense, including diversity of skills, background, gender and ethnicity. While the selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, the Nominating and Corporate Governance Committee believes that each director should have a basic understanding of (i) the principal operational and financial objectives and plans and strategies of the Company, (ii) the results of operations and financial condition of the Company and its business segments, and (iii) the relative standing of the Company and its business segments in relation to their competitors.

Nominating Process

The Nominating and Corporate Governance Committee will consider recommendations for director candidates from a variety of sources (including incumbent directors, stockholders (in accordance with the procedures described below), Company management and third-party search firms). When nominating an incumbent director for re-election at an annual meeting, the Nominating and Corporate Governance Committee considers the director's performance on the Board and its committees and the director's qualifications in light of the Nominating and Corporate Governance Committee's assessment of the Board's needs. The Nominating and Corporate Governance Committee has not adopted any criteria for evaluating a candidate for nomination to the Board that differ depending on whether the candidate is nominated by a stockholder, an incumbent director, Company management, third-party search firm or other source.

Consideration of Stockholder-Nominated Directors

In addition to proposing a candidate for possible nomination by the Nominating and Corporate Governance Committee, any stockholder is entitled to directly nominate one or more candidates for election to the Board of Directors in accordance with the Company's Bylaws. See "Other Matters—Other Proposals and Nominees" later in this proxy statement. Also, in March 2017, our Board amended the Bylaws to include a proxy access provision. The proxy access bylaw allows a stockholder, or a group of up to 25 stockholders, owning 3% or more of our outstanding common stock continuously for at least three years, to nominate and include in our proxy materials director nominees constituting up to two individuals or 25% of the Board (whichever is greater), provided that the stockholder(s) and the nominee(s) satisfy the requirements specified in Article III of the Bylaws. The complete text of our Bylaws, as amended, is available on our website at <http://investor.gamestop.com> and is available in print to any stockholder who requests it in writing to the Company's Secretary, GameStop Corp., 625 Westport Parkway, Grapevine, Texas 76051. See "Other Matters—Proxy Access Director Nominees" elsewhere in this proxy statement.

Annual Board Evaluation Process

The Board recognizes that a robust and constructive evaluation process is an essential part of good corporate governance and board effectiveness. The evaluation processes utilized by the Board are designed and implemented under the direction of the Nominating and Corporate Governance Committee and aim to assess Board and committee effectiveness as well as individual Director performance and contribution levels. The Corporate Governance Committee and full Board consider the results of the annual evaluations in connection with their review of Director nominees to ensure the Board continues to operate effectively.

Each year our Directors complete governance questionnaires and self-assessments. These questionnaires and assessments, and feedback from discussions between members of the Nominating and Corporate Governance Committee and individual Directors, facilitate a candid assessment of: (i) the Board's performance in areas such as business strategy, risk oversight, talent development and succession planning and corporate governance; (ii) the Board's structure, composition and culture; and (iii) the mix of skills, qualifications and experiences of our Directors.

Corporate Governance

Codes of Ethics

The Company has adopted a Code of Ethics for Senior Financial and Executive Officers that is applicable to the Company's Executive Chairman, Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, Chief Accounting Officer, and any Executive Vice President of the Company or Vice President of the Company employed in a finance or accounting role. The Company also has adopted a Code of Standards, Ethics and Conduct applicable to all of the Company's management-level employees and non-employee directors. The Code of Ethics for Senior Financial and Executive Officers and the Code of Standards, Ethics and Conduct are available on the Company's website at <http://investor.gamestop.com> and are available in print to any stockholder who requests them in writing to the Company's Secretary, GameStop Corp., 625 Westport Parkway, Grapevine, Texas 76051. In accordance with SEC rules, the Company intends to disclose any amendment (other than any technical, administrative or other non-substantive amendment) to either of the above Codes, or any waiver of any provision thereof with respect to certain specified officers listed above, on the Company's website at <http://investor.gamestop.com> within four business days following such amendment or waiver.

Claw-back Policy

The Company has adopted a claw-back policy which requires the Board, when permitted by law, to require reimbursement of annual incentive payments or long-term incentive payments from a current or former executive officer of the Company where the payment was predicated upon achieving certain financial results or other operating metrics, and either (1) the Board determines in its good faith judgment that such financial results or other operating metrics were achieved in whole or part as a result of fraud or other misconduct on the part of such executive, or fraud or other misconduct of other employees of the Company of which such executive had knowledge, whether or not such conduct results in any restatement of Company financial statements filed with the SEC, or (2) such financial results or other operating metrics were the subject of a restatement of Company financial statements filed with the SEC, and a lower payment would have been made to the executive officer based upon the restated financial results. The Company will, to the fullest extent possible under applicable law, seek to recover from the individual executive officer, in the case of (1), the full amount of the individual executive officer's incentive payments for the relevant period (including, at a minimum, for the three-year period prior to such financial results), and in the case of (2), the amount by which the individual executive officer's incentive payments for the relevant period (including, at a minimum, for the three-year period prior to the restatement of financial results) exceeded the lower payment that would have been made based on the restated financial results.

Equity Ownership Policy

The Board believes that it is important for each executive officer and non-employee director of the Company to have a financial stake in the Company to help align the executive officer's and non-employee director's interests with those of the Company's stockholders. To that end, the Company has an equity ownership policy requiring that each executive officer and non-employee director of the Company maintain ownership of common stock with a value of at least the following:

Executive Officer or Non-employee Director	Fiscal 2017 Stock Ownership Guidelines
Executive Chairman	5 times base salary
Chief Executive Officer	5 times base salary
Chief Operating Officer or Executive Vice President	3 times base salary
Non-employee Director	\$275,000

New executive officers or non-employee directors of the Company will be given a period of five (5) years to attain full compliance with these requirements. These requirements will be reduced by 50% for executive officers after the executive officer reaches the age of 62 in order to facilitate appropriate financial planning.

For purposes of these determinations, (i) stock ownership includes shares of common stock which are directly owned or owned by family members residing with the executive officer or non-employee director, or by family trusts, as well as vested options and vested restricted stock, and unvested restricted stock or equivalents, unless they are subject to achievement of performance targets, and common stock or stock equivalents credited to such executive officer or non-employee director under any deferred compensation plan, and (ii) common stock shall be valued per share using the 200-day trailing average NYSE per share closing price.

As of February 3, 2018, each of our executive officers and non-employee directors was in compliance with our equity ownership policy except for Mrs. Shern whose ownership value totaled \$272,484 (\$2,516 short of the \$275,000 ownership guideline) based on the 200-day trailing average NYSE per share closing price. Given Mrs. Shern's decision to retire, the Board has concluded that no action is required with respect to her shortfall in stock ownership.

Anti-Hedging Policy

Given that the aim of ownership of common stock is to ensure that employees and directors of the Company have a direct personal financial stake in the Company's performance, hedging transactions on the part of employees and directors of the Company could be contrary to that purpose. Therefore, the Company has adopted an anti-hedging policy which states that the implementation by an employee or director of the Company of hedging strategies or transactions using short sales, puts, calls or other types of financial instruments (including, but not limited to, prepaid variable forward contracts, equity swaps, collars, and exchange funds) based upon the value of common stock and applied to equity securities granted to such employee or director, or held, directly or indirectly, by such employee or director, is strictly prohibited.

Corporate Governance Guidelines; Certifications

The Board has adopted Corporate Governance Guidelines. The Corporate Governance Guidelines are available on the Company's website at <http://investor.gamestop.com> and are available in print to any stockholder who requests them in writing to the Company's Secretary, GameStop Corp., 625 Westport Parkway, Grapevine, Texas 76051.

On an annual basis, our Chief Executive Officer submits to the NYSE the annual certification required by Section 303A.12(a) of the NYSE Listed Company Manual. In addition, the Company has filed with the SEC as exhibits to its Annual Report on Form 10-K, for fiscal 2017, the certifications of its Chief Executive Officer and Chief Financial Officer required pursuant to Section 302 of the Sarbanes-Oxley Act relating to the quality of its public disclosure.

Communications Between Stockholders and Interested Parties and the Board

Stockholders and other interested persons seeking to communicate with the Board should submit any communications in writing to the Company's Secretary, GameStop Corp., 625 Westport Parkway, Grapevine, Texas 76051. Any such communication must state the number of shares beneficially owned by the stockholder making the communication. The Company's Secretary will forward such communication to the full Board or to any individual director or directors (including the presiding director of the executive sessions of the non-management directors or the non-management directors as a group) to whom the communication is directed.

Attendance at Annual Meetings

All members of the Board are expected to attend in person the Company's 2018 annual meeting and be available to address questions or concerns raised by stockholders. Nine of the Company's 10 directors attended the Company's 2017 annual meeting.

Director Independence; Independence Determination

The Board has adopted the definition of independence in the listing standards of the NYSE. In its assessment of director independence, the Board considers all commercial, charitable and other relationships and transactions that any director or member of his or her immediate family may have with us, with any of our affiliates or with any of our consultants or advisers.

The Board has affirmatively determined that each of Jerome L. Davis, Thomas N. Kelly Jr., Shane S. Kim, Steven R. Koonin, Stephanie M. Shern, Gerald R. Szczepanski, Kathy P. Vrabeck and Lawrence S. Zilavy is independent under the NYSE standards as well as under standards set forth in SEC regulations, and that the Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee and are comprised exclusively of independent directors under the foregoing standards. The Board did not determine Mr. DeMatteo to be independent because of his current executive positions with the Company.

The non-management directors of the Company hold regularly scheduled executive sessions without management present at least once annually and the independent directors hold at least one meeting annually with only independent directors present. Our lead independent director, Mr. Zilavy, is the presiding director for each non-management or independent director executive session.

Board Leadership Structure

The Board has maintained a leadership structure that separates the Executive Chairman position from the Chief Executive Officer position. Currently, Mr. DeMatteo is serving as the Executive Chairman and Interim Chief Executive Officer due to the resignation of Michael Mauler on May 9, 2018. The Board intends for the next appointed Chief Executive Officer to serve separately from the Executive Chairman position. The current Board includes eight other directors all of which are independent, including a lead independent director. Under the Board's intended structure, Mr. DeMatteo serves as the Executive Chairman and also as a member of management. As a former Chief Executive Officer of the Company, the Board believes that Mr. DeMatteo's in-depth knowledge of our business and its challenges, as well as his experience in the video game industry as a whole, make him the best qualified person to serve as Executive Chairman. In addition, this structure facilitates better communication between management and the Board and allows Mr. DeMatteo to more effectively oversee the execution of our strategic initiatives, including the implementation of the Company's multi-concept retail strategy and provide guidance to the senior management team, including the Chief Executive Officer. The Board intends for the next appointed Chief Executive Officer to also serve as a director. The Board believes that the Chief Executive Officer's service as a director further enhances the Board's oversight of our day-to-day operations and provides additional management expertise with respect to the complexities of our business units. The Board believes that at this time our stockholders are best served by this structure. All directors play an active role in overseeing the Company's business both at the Board and committee level. For additional oversight, our lead independent director presides over regularly scheduled meetings with the other non-management directors to discuss and evaluate the Company's business without members of management present. This structure, together with our other corporate governance practices, provides strong independent oversight of management while ensuring clear strategic direction for the Company.

Risk Oversight

Responsibility for risk oversight resides with the full Board. Committees have been established to help the Board carry out this responsibility by focusing on key areas of risk inherent in the business. The Audit Committee oversees risk associated with financial and accounting matters, including compliance with legal and regulatory requirements, related-party transactions and the Company's financial reporting and internal control systems. The Audit Committee also oversees the Company's internal audit function and regularly meets separately with the Company's head of internal audit, Chief Legal Officer, external auditors and other financial and executive management. The Compensation Committee oversees risks associated with compensation policies and the retention and development of executive talent, including the development of policies that do not encourage excessive risk-taking by our executives. These policies include various factors to help mitigate risk, including fixed compensation components and variable components that include mitigating factors such as a consistent structure across all business units, generally involving consolidated income components; targeted award amounts that are not significant as a percentage of revenue; and vesting periods, equity ownership policies, and claw-back provisions. The Compensation Committee and management also regularly review the Company's compensation policies to determine effectiveness and to assess the risk they present to the Company. Based on this review, the Company has concluded that its compensation policies and procedures are not reasonably likely to have a material adverse effect on the Company. In addition, at least annually, the Board conducts a formal business review including a risk assessment related to the Company's existing business and new initiatives. Because overseeing risk is an ongoing process and inherent in the Company's strategic decisions, the Board also discusses risk throughout the year at other meetings in relation to specific topics or actions.

Director Compensation

In fiscal 2017, total compensation for each non-employee director was set at \$280,000, which consisted of a \$140,000 cash retainer and a restricted stock grant valued at approximately \$140,000 which vests after one year. For the fiscal year ended February 2, 2019 ("fiscal 2018"), the compensation structure for each non-employee director will remain consistent with the fiscal 2017 director compensation structure. We reimburse our directors for expenses in connection with attendance at Board and committee meetings. Other than with respect to reimbursement of expenses, directors who are our employees do not receive additional compensation for their services as directors, and none of the directors receive additional compensation for their services as committee chairpersons or as our lead independent director. For a director who retires after reaching age 72 or ceases to serve after at least 10 years of Board service to the Company, with the consent of the Compensation Committee, all awards granted to such director fully vest upon termination of Board service.

Additionally, because the Board believes that it is important for each director of the Company to have a financial stake in the Company to help align the director's interests with those of the Company's stockholders, we require our directors maintain a certain level of ownership of common stock. For a description of the equity ownership policy, see "Corporate Governance-Equity Ownership Policy" above.

The following table provides information regarding compensation earned by our non-employee directors during fiscal 2017:

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee are Gerald R. Szczepanski (Chair), Thomas N. Kelly Jr. and Shane S. Kim, none of whom has ever been an employee of the Company. No member of the Compensation Committee had a relationship requiring disclosure in this Proxy Statement under Items 404 or 407 of SEC Regulation S-K.

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

We believe that it is appropriate to solicit the views of our stockholders regarding the compensation of our named executive officers. Accordingly, and in accordance with SEC rules implemented under Section 14A of the Securities Exchange Act of 1934 (the "Exchange Act"), the Company seeks a non-binding advisory vote from our stockholders on the compensation of our Named Executive Officers as described in this Proxy Statement.

As discussed more fully in the "Compensation Discussion and Analysis" in this Proxy Statement, the Compensation Committee believes the Company's named executive officers should be compensated commensurate with their success in maintaining the growth and high level of performance necessary for the Company to produce ongoing and sustained value for our stockholders. The Company's executive officer compensation program is based on the following guiding principles:

1. Total compensation opportunities provided by the Company to its named executive officers should be competitive and allow the Company to attract and retain individuals whose skills are critical to the long-term success of the Company.
2. The compensation offered by the Company should reward and motivate individual and team performance in attaining business objectives and maximizing stockholder value, while avoiding the encouragement of unnecessary or excessive risk-taking.
3. Compensation awards should be based on the fundamental principle of aligning the long-term interests of GameStop's employees with those of GameStop's stockholders. Therefore, a meaningful portion of most management employees' compensation will be in the form of long-term equity compensation. All of the short-term incentives, in the form of annual cash bonuses, and a large portion of equity compensation for Named Executive Officers, are tied to performance measures.
4. Incentive and total compensation are designed to be consistent with the level of the Company's operational performance over time and the level of returns provided to stockholders.

In response to the advisory vote on the frequency of the advisory vote on executive compensation at our 2017 annual meeting, we provide this advisory vote on executive compensation on an annual basis. This is an advisory vote and is not binding upon the Company, the Compensation Committee or the Board. Therefore, stockholders are not ultimately voting for the approval or disapproval of the Board's recommendation on this proposal. The result of the vote will not impact any compensation that has already been paid or awarded to the executive officers. However, because we value the views of our stockholders, our Compensation Committee, which is responsible for, among other things, designing and administering the Company's executive compensation program, will review and consider the results of this advisory vote when considering future decisions with respect to executive compensation.

We strongly encourage stockholders to read the "Compensation Discussion and Analysis," the compensation tables and the accompanying narrative disclosures in this Proxy Statement which discuss in greater detail the compensation of our executive officers, the Company's compensation philosophy and the factors that the Compensation Committee considered in making compensation decisions.

Accordingly, the Board recommends that stockholders vote FOR the following resolution:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2018 annual meeting of stockholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the 2017 Summary Compensation Table and the other related tables and disclosure."

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE APPROVAL, ON A NON-BINDING ADVISORY BASIS, OF THE RESOLUTION ON COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS. PROXIES SOLICITED BY THIS PROXY STATEMENT WILL BE VOTED FOR THE PROPOSAL ABOVE UNLESS A VOTE AGAINST THE PROPOSAL OR AN ABSTENTION IS SPECIFICALLY INDICATED.

Compensation Discussion and Analysis

Executive Summary

Introduction

The Compensation Committee believes that our senior executives should be compensated commensurate with their success in maintaining the growth, profitability, cash flow and high level of performance necessary for GameStop to produce ongoing and sustained value for our stockholders. During the past few years, our vision was to expand our business from the world's largest specialty retailer of physical video game products to a global family of specialty retail brands, to continue to grow sales of digital products, to expand the sales of collectible products through our video game stores and www.thinkgeek.com, to increase the number of our pop culture-themed stores and to strategically grow our Technology Brands segment to further diversify our revenue streams. The Compensation Committee developed and recommended the fiscal 2017 compensation program to support this mission.

This Compensation Discussion and Analysis covers the fiscal 2017 compensation for the following Named Executive Officers ("NEOs"), as determined under SEC rules (titles below reflect executives' roles as of the end of fiscal 2017):

Name	Title
J. Paul Raines ⁽¹⁾	Former Chief Executive Officer
Daniel A. DeMatteo ⁽²⁾	Executive Chairman and Interim Chief Executive Officer
Robert A. Lloyd	Executive Vice President and Chief Financial Officer
Tony D. Bartel ⁽³⁾	Chief Operating Officer
Michael P. Hogan ⁽³⁾	Executive Vice President of Strategic Business and Brand Development
Michael Mauler ⁽⁴⁾	Executive Vice President and President, GameStop International

(1) Mr. Raines' service as Chief Executive Officer ended on November 13, 2017. Mr. Raines died on March 4, 2018.

(2) Mr. DeMatteo served as the Company's interim Chief Executive Officer from November 13, 2017 to February 4, 2018. Mr. DeMatteo again assumed the interim Chief Executive Officer role on May 9, 2018. Throughout these periods, Mr. DeMatteo has continued to serve as Executive Chairman.

(3) On February 7, 2018, the Company terminated the employment of Tony D. Bartel and Michael P. Hogan.

(4) Mr. Mauler served as our Chief Executive Officer from February 4, 2018 to May 9, 2018 and resigned from employment with the Company on May 9, 2018.

2017 Performance

In fiscal 2017, our total global sales increased 7% to \$9.2 billion and our consolidated comparable store sales increased 5.8%. The increase in sales was driven by our video games business, led by high demand for the Nintendo Switch and a strong software title lineup. Our collectibles business also contributed to the increase in sales by growing 29% as a result of our recent investments in this category. We experienced challenges in our Technology Brands business during fiscal 2017 due to a slowdown in the wireless upgrade cycle and changes in AT&T's dealer compensation structure. Our adjusted net income decreased by 13% to \$338.6 million, primarily due to product mix shift and the challenges in our Technology Brands business. See Annex I for a reconciliation of net income to adjusted net income.

We continued to deliver on our commitment to return capital to stockholders by paying quarterly dividends of \$0.38 per share, or \$1.52 annually, in fiscal 2017, representing an increase of 2.7% annually compared to dividends paid in fiscal 2016.

2017 Compensation Program Summary

In 2017, the three primary components of our NEOs' total target compensation were salary, short-term incentive and long-term incentive, as described below:

Program	Description	Purpose
Salary	Fixed cash compensation	Reward for level of responsibility, experience and sustained individual performance.
Short-Term Incentive ("STI")	Cash compensation based on the following performance measures: <ul style="list-style-type: none"> 60% based on fiscal 2017 consolidated operating earnings 40% based on fiscal 2017 operating earnings generated by Technology Brands and the collectibles product category 	Reward for achievement against specific objective financial goals and strategic goals achieved in one year.
Long-Term Incentive ("LTI")	50% of total — time-based restricted stock subject to vesting based on continued service. ⁽¹⁾	Reward for creation of stockholder value and to retain executives for the long-term.
	50% of total — performance-based restricted stock based the following measures: <ul style="list-style-type: none"> 50% based on fiscal 2018 consolidated operating earnings 50% based on fiscal 2018 operating earnings from sources other than physical video game products 	Reward for achievement against specific objective financial goals achieved in greater than one year and creation of stockholder value.

(1) Subject to a performance condition of \$200 million in consolidated net income for fiscal 2017 to be eligible for tax deductibility under Section 162 (m). See "Section 162(m) Compliance" below for further detail.

For purposes of determining performance results against a pre-established target, the Compensation Committee may make certain adjustments to reported results prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Compensation Committee provides for certain adjustments when it believes the adjustments provide a performance measure that best represents actual performance results that are within the executives' sphere of control and accountability. Actual performance results may be adjusted to eliminate the effects of, among other things, goodwill and asset impairments, restructuring charges, acquisitions, debt retirement expenses, foreign currency changes, buybacks of the Company's shares, and the impact to income taxes related to the difference in budgeted and actual income tax rates. Throughout this Compensation Discussion and Analysis, when we make reference to the use of operating earnings or net income as a performance measure for certain incentives and awards, we are actually referring to these measures as adjusted based on the definitions approved by our Compensation Committee. See Annex I for a reconciliation of our operating earnings to our adjusted operating earnings and our net income to our adjusted net income.

Please refer to the "Other Considerations" section below for a discussion of other indirect elements of our compensation program.

A significant portion of the 2017 compensation program for our NEOs was performance-based, with payouts linked to the attainment of certain defined performance goals, including the Company's operating earnings, net income and operating earnings generated by our Technology Brands segment and collectibles product category. The charts below summarize the mix of pay elements for J. Paul Raines, the CEO when the compensation targets were set, and all other NEOs, based on target compensation for fiscal 2017.

- (1) Subject to a performance condition of \$200 million in consolidated net income for fiscal 2017 to be eligible for tax deductibility under Section 162(m). See "Section 162(m) Compliance" below for further detail.

Incentive Plan Payouts for Performance Periods Ending Fiscal 2017

Performance-based awards may vest in a fiscal year other than the year of grant. Performance results for awards with a performance period measured as of the end of fiscal 2017, and the resulting payouts, are summarized in the table below:

Incentive Plan	Year of Grant	Performance Period	Performance Achieved as a % of Target	Payout as a % of Targeted Award Amount
STI	Fiscal 2017	Fiscal 2017	Achieved 87.6% of the targeted fiscal 2017 consolidated operating earnings and 57.6% of the targeted fiscal 2017 operating earnings generated by Technology Brands and the collectibles product category ⁽¹⁾	45.0%
LTI (performance-based restricted stock)	Fiscal 2016	Fiscal 2017	Achieved 76.8% of the targeted fiscal 2017 consolidated operating earnings ⁽²⁾	0%
LTI (performance-based restricted stock)	Fiscal 2016	Fiscal 2017	Achieved 110.1% of the targeted percentage of fiscal 2017 operating earnings from sources other than physical video game products ⁽³⁾	125.0%

- (1) Related to the 2017 STI, with payout tied to percentage of annual salary and percentage attainment of targets set by the Compensation Committee related to consolidated operating earnings and operating earnings generated by Technology Brands and the collectibles product category. See "Short-Term Incentives" section below for further detail.
- (2) Related to the 2016 performance-based restricted stock grant subject to a performance target tied to achieving a certain consolidated operating earnings target for fiscal 2017. See "Long-Term Incentives" section below for further detail.
- (3) Related to the 2016 performance-based restricted stock grant subject to a performance target tied to achieving a target percentage of fiscal 2017 operating earnings from sources other than physical video game products. See "Long-Term Incentives" section below for further detail.

Compensation Philosophy

Our executive officer compensation program is administered by the Compensation Committee of the Board. The program is based upon the following guiding principles:

- Total compensation opportunities provided to our NEOs should be competitive and allow us to attract and retain individuals whose skills are critical to our long-term success;
- The compensation opportunities we offer should reward and motivate individual and team performance in attaining business objectives and maximizing stockholder value, while avoiding the encouragement of unnecessary or excessive risk-taking;
- Compensation awards should be based on the fundamental principle of aligning the long-term interests of our employees with those of our stockholders. Therefore, a meaningful portion of most management employees' compensation will be in the form of long-term equity compensation. All of the short-term incentives, in the form of annual cash bonuses, and a significant portion of equity compensation for NEOs are tied to performance measures; and
- The overall value of the total compensation is intended to be consistent with the level of our operational performance over time and the level of returns provided to stockholders.

The compensation program is designed to reward the executive officers for the dedication of their time, efforts, skills and business experience to our operations. The Compensation Committee targets approximately 50% to 60% of each NEO's total compensation be tied to performance measures, and such compensation is therefore at risk. The compensation program is also designed to reward both annual and long-term performance. Annual performance is rewarded through salary and short-term incentives and is measured by our operating earnings and growth, among other factors. Long-term performance is rewarded through performance-based and time-based restricted stock, with approximately 50% of the total long-term incentive compensation mix tied to the achievement of performance measures.

The Compensation Committee oversees risks associated with compensation policies and the retention and development of executive talent, including the development of policies that do not encourage excessive risk-taking by our executives. These policies include various factors to help mitigate risk, including fixed compensation components and variable components that include mitigating factors such as a consistent structure across all business units, generally involving consolidated income components; targeted award amounts that are not significant as a percentage of revenue; and vesting periods, equity ownership policies, and claw-back provisions. The Compensation Committee and management also regularly review our compensation policies to determine effectiveness and to assess the risk they present to the Company. Based on this review, we have concluded that our compensation policies and procedures are not reasonably likely to have a material adverse effect on the Company.

Response to Advisory Vote on Executive Compensation

A substantial majority of our stockholders (92% of votes cast) approved the fiscal 2016 compensation for our NEOs at the 2017 annual meeting of stockholders. We interpreted these results, coupled with discussions that we have had from time to time with investors regarding compensation, as a validation of our executive compensation program. As a result, we have retained our general approach to executive compensation as described more fully in the "Key Elements of Compensation" section below. Nonetheless, the Compensation Committee continues to work with its independent consultant to consider alternatives and intends to revise the program as it determines appropriate.

Compensation Determination Process

The Compensation Committee of the Board has the responsibility to develop compensation levels for the NEOs. In determining annual compensation levels for NEOs, the Compensation Committee, along with executive management, bases its decision on the individual's performance and potential to improve stockholder value, the financial performance of the Company over the preceding fiscal year, projections for the Company's upcoming fiscal year, historical compensation for each NEO, the amount of shares available to be granted under our 2011 Incentive Plan and the results of reviews, surveys or other information from our compensation consultants.

The Compensation Committee considers the recommendations of the Executive Chairman and the Chief Executive Officer in determining compensation for the executive officers and employees other than the Executive Chairman and the Chief Executive Officer.

The Compensation Committee has the authority under its charter to retain an independent compensation consultant to assist in the evaluation of executive compensation, whose research and viewpoints provide one of several data points used by the Compensation Committee in developing specific recommendations to the Board. The Compensation Committee believes that such a consultant can play an essential role in the process of providing an impartial evaluation of compensation programs and practices, developing effective recommendations to the Board and evaluating the Company's pay practices.

The Compensation Committee retains ClearBridge Compensation Group ("ClearBridge") to advise on matters related to non-employee director and executive compensation. ClearBridge reports directly to the Compensation Committee and does not provide any other services to the Company. The Compensation Committee reviewed the independence of ClearBridge under SEC rules and NYSE listing standards regarding compensation consultants and has concluded that ClearBridge's work for the Compensation Committee is independent and does not raise any conflicts of interest.

ClearBridge gathers benchmark data from our peer group, which the Compensation Committee considers among other factors (e.g., individual performance and potential, job responsibilities, historical compensation levels, etc.) in assessing and determining total compensation opportunities for the NEOs. Our selected peer group is generally comprised of specialty retailers, selected based on companies with revenue in the range of 0.5x and 2x the Company's revenue, with an additional reference to enterprise value. The specific companies included in our fiscal 2017 peer group are listed below (this group was unchanged from fiscal 2016):

Abercrombie & Fitch	Bed Bath & Beyond	Kohl's	O'Reilly Automotive
Advance Auto Parts	Dick's Sporting Goods	L Brands	Ross Stores
AutoZone	Foot Locker	Nordstrom	Tiffany & Co.
Barnes & Noble	Gap	Office Depot	Williams-Sonoma

In fiscal 2017 and years prior, in order to comply with Section 162(m), the Compensation Committee has generally established in writing a performance target ("Target") for the annual short-term cash incentives and long-term performance-based restricted stock incentives no later than 90 days after the start of each fiscal year (and before 25% of the relevant performance period had elapsed). Targets have typically been based on budgeted financials. Because the Target has generally been established in the first 90 days of the fiscal year, the attainment of the Target is substantially uncertain at the time the Target was established.

Key Elements of Compensation

The Company maintains employment agreements with each of the NEOs to cover the key elements of the Company's executive compensation package, which consists of base salary and short-term and long-term incentive awards, and covers severance and termination benefits. These employment agreements and the Company's policies with respect to each of the key elements of its executive compensation package are discussed below. In addition, while the elements of compensation described below are considered separately, the Compensation Committee also considers and reviews the full compensation package afforded by the Company to its executive officers, including insurance and other benefits. See below for details on the Company's 2017 compensation program.

Base Salaries

In determining the base salaries of these executive officers for fiscal 2017, the Compensation Committee considered, among other things, the Company's financial performance and achievements in our diversification strategy during fiscal 2016, projections for fiscal 2017, the responsibilities of each NEO, the results of the benchmarking against the peer group, and the recommendations received from ClearBridge following its research. The base salary is intended to be competitive with base salaries paid to executive officers with comparable qualifications, experience and responsibilities at other companies of comparable size, growth and operations.

In February 2017, the Board set salaries for fiscal 2017 for the NEOs as follows:

Named Executive Officer	Base Salary
J. Paul Raines	\$ 1,288,000
Daniel A. DeMatteo	\$ 300,000
Robert A. Lloyd	\$ 709,000
Tony D. Bartel	\$ 927,000
Michael P. Hogan	\$ 620,000
Michael Mauler	\$ 592,000

For fiscal 2017, the Compensation Committee made no changes to the base salaries of Messrs. Raines, Lloyd, Bartel, Hogan and Mauler. Commensurate with changes to Mr. DeMatteo's role as Executive Chairman, Mr. DeMatteo's base salary was reduced by \$250,000 compared to fiscal 2016. However, effective as of November 13, 2017, Mr. DeMatteo's base salary was temporarily increased to \$900,000 during his service as the Company's interim Chief Executive Officer. Following the completion of his service as interim Chief Executive Officer in the first quarter of fiscal 2018, Mr. DeMatteo returned to his role as Executive Chairman and his annual base salary was reset to \$400,000. See "Fiscal 2018 Salaries and STI Opportunities" section below.

Short-Term Incentives

In addition to a base salary, each NEO is eligible for a performance-based annual cash STI. The purpose of the STI is to motivate management to drive performance in the short-term.

STI payouts were determined based on the achievement of consolidated operating earnings and operating earnings generated by Technology Brands and the collectibles product category. These metrics aligned with the Company's business strategy of driving earnings and expanding the Technology Brands retail concept and collectibles product category. The STI was also subject to a net income performance condition for purposes of achieving tax deductibility under Section 162(m).

Targets for Each Named Executive Officer

For each NEO, a target STI in an amount equal to a percentage of their base salary is pre-determined by the Compensation Committee, with input from the Executive Chairman and Chief Executive Officer (other than for themselves), for each fiscal year.

Target STI opportunities for fiscal 2017 for our NEOs were as follows (which remain unchanged from fiscal 2016):

Named Executive Officer	Percentage of Base Salary
J. Paul Raines	200%
Daniel A. DeMatteo ⁽¹⁾	150%
Robert A. Lloyd	100%
Tony D. Bartel	125%
Michael P. Hogan	100%
Michael Mauler	100%

(1) Effective as of November 13, 2017, for the period of service as the Company's interim Chief Executive Officer, Mr. DeMatteo's target STI opportunity was increased to 200% of his base salary. As a result, his target STI for fiscal 2017 was \$752,021, which is the weighted average of his target STI for the portion of the year that he served solely as Executive Chairman and the portion of the year that he also served as interim Chief Executive Officer.

Performance Measures

The final STI payouts for the NEOs were based 60% on consolidated operating earnings and 40% on the operating earnings generated by Technology Brands and the collectibles product category. Payouts associated with each of the two performance measures were based on the following scale. Straight-line interpolation is applied between levels shown.

If the Performance Period Results are:	Then the Percentage of the Target Award Earned for Each Measure is:
125% or more of Target	125%
110%	110%
100% (Target)	100% (Target)
90%	80%
75%	50%
Less than 75% of Target	None

Payouts

In determining the final STI payout for fiscal 2017, the Compensation Committee assessed consolidated operating earnings and operating earnings generated by Technology Brands and our collectibles product category, as shown below.

Performance Measure	Target	Actual	Performance Achieved as a % of Target	STI Earned	Weighting Percentage of Overall STI	Payout as a % of Target
Consolidated operating earnings (fiscal 2017)	\$614 million	\$538 million	87.6%	75%	60%	45%
Operating earnings generated by Technology Brands and collectibles product category (fiscal 2017)	\$199 million	\$115 million	57.6%	0%	40%	0%
Total payout						45%

The following STI payouts were made for fiscal 2017 to our NEOs:

Named Executive Officer	STI Payout
J. Paul Raines ⁽¹⁾	\$ 899,864
Daniel A. DeMatteo ⁽²⁾	\$ 338,409
Robert A. Lloyd	\$ 319,050
Tony D. Bartel	\$ 521,438
Michael P. Hogan	\$ 279,000
Michael Mauler	\$ 266,400

(1) Mr. Raines' STI payout was prorated for the portion of fiscal 2017 during which he served as Chief Executive Officer.

(2) As noted above, Mr. DeMatteo's STI payout was determined based on the weighted-average of his target STI opportunities for the portions of fiscal 2017 prior and subsequent to his appointment as interim Chief Executive Officer.

Long-Term Incentive Awards

Form of Fiscal 2017 Long-Term Incentive Awards

The Compensation Committee met on February 27, 2017 and, upon ratification by the Board on February 28, 2017, awarded a combination of time-based restricted stock and performance-based restricted stock for fiscal 2017 to be granted to the NEOs as of March 3, 2017 (collectively, the "2017 LTI Awards"). Time-based restricted stock and performance-based restricted stock were granted to align the interests of the NEOs with the interests of the Company's stockholders, offer NEOs an incentive for the achievement of superior performance over time and foster the retention of key management personnel. To determine the amount of equity awards to grant to each NEO, the Compensation Committee considered, among other things, the Company's overall performance, projections for the Company's upcoming fiscal years, each NEO's individual contributions to the Company's overall performance, including individual contributions toward achievement of strategic objectives, and comparisons of long-term incentives and total compensation of similar positions within the Company's peer group.

The target grant date fair value of the 2017 LTI Awards was determined on February 28, 2017, with the number of shares determined effective as of the grant date of March 3, 2017. The target grant date fair value for each of Messrs. Raines, Lloyd, Bartel, Hogan and Mauler was consistent with the targeted value of the 2016 long-term incentive awards. The target value for Mr. DeMatteo's 2017 LTI Award was set at \$750,000, approximately 63% of the targeted value of his 2016 long-term incentive awards, reflecting his continually evolving role as Executive Chairman. Each LTI award was comprised of 50% time-based restricted stock and 50% performance-based restricted stock, a structure designed to balance the retentive and performance-based nature of the total long-term incentive award.

Time-based restricted stock awards are subject to a three-year ratable vesting schedule (subject to accelerated vesting upon attainment of retirement eligibility, death, disability, and certain severance events) and achieving a performance condition based on consolidated net income for fiscal 2017, adjusted for certain items, to achieve tax deductibility under Section 162(m). This performance condition was met for fiscal 2017.

Performance-based restricted stock awards are subject to vesting both on the basis of continued service to the Company and the achievement of a certain consolidated operating earnings Target and a certain operating earnings Target for the amount of operating earnings coming from sources other than physical video game products for the fiscal year ended February 2, 2019 ("fiscal 2018"), with such Targets to be measured following the completion of fiscal 2018. Operating earnings was selected as a measure to focus on the long-term profitability of the Company. Additionally, given the Company is focused on diversifying its business, a second-year performance period was selected recognizing the difficulty in setting goals for a longer time period. Awards are subject to one additional year of time-based vesting following the end of the performance period to provide for additional retention of NEOs. Each NEO is entitled to receive the performance-based restricted stock according to the performance achievement scale shown below. Straight-line interpolation is applied between levels shown.

If the Performance Period Results are:	Then the Percentage of the Target Award Received is:
125% or more of Target	200%
110%	125%
100% (Target)	100% (Target)
87.5%	75%
75%	50%
Less than 75% of Target	None

The Compensation Committee awarded the NEOs restricted stock in fiscal 2017 as follows:

Named Executive Officer	Time-Based Restricted Stock Grant (1)	Performance-Based Restricted Stock Grant (2)	Total Shares of Restricted Stock Awarded	Total Targeted Award Value (3)
J. Paul Raines	89,010	89,010	178,020	\$ 4,500,000
Daniel A. DeMatteo	14,850	14,850	29,700	\$ 750,000
Robert A. Lloyd	29,910	29,910	59,820	\$ 1,512,000
Tony D. Bartel	42,750	42,750	85,500	\$ 2,160,000
Michael P. Hogan	21,390	21,390	42,780	\$ 1,080,000
Michael Mauler	21,390	21,390	42,780	\$ 1,080,000

- (1) Time-based restricted stock, subject to a performance condition intended to achieve tax deductibility under Section 162(m) of the Code. The award vests in equal installments on March 3rd of each of the years 2018 through 2020, subject to continued service to the Company and the achievement of a certain level of consolidated net income in fiscal 2018.
- (2) Performance-based restricted stock subject to fiscal 2018 operating earnings Targets measured at the end of fiscal 2018. Determination of earned awards is subject to the completion of the audited consolidated financial statements for fiscal 2018. The earned shares will vest subject to continued service with the Company through March 3, 2020.
- (3) The fair value of stock-denominated awards is based on the closing price of our common stock of \$25.28 per share on the grant date of March 3, 2017.

The service requirements otherwise applicable to these awards are waived in the case of retirement eligibility, death, disability and certain severance events, but in each case other than death, any performance conditions remain applicable. In the case of death, the awards that are otherwise subject to performance condition are settled at the target level.

Achievement of Fiscal 2016 Long-Term Incentive Awards

A portion of the fiscal 2016 restricted stock awards were subject to performance against a pre-determined fiscal 2017 consolidated operating earnings Target. These awards are subject to one additional year of time-based vesting following the end of the performance period to provide for additional retention of NEOs (other than for those who are retirement eligible). Each NEO is entitled to receive the performance-based restricted stock according to the performance achievement scale shown below. Straight-line interpolation is applied between levels shown.

If the Performance Period Results are:	Then the Percentage of the Target Award Earned for Each Measure is:
125% or more of Target	200%
110%	125%
100% (Target)	100% (Target)
90%	75%
85%	50%
Less than 85% of Target	None

In determining the final payout, the Compensation Committee measured the Company's performance, as shown below.

Portion of 2016 LTI Grant	Performance Measure	Target	Performance Achieved as a Percentage of Target	Performance-Based Restricted Stock Earned
50%	Fiscal 2017 consolidated operating earnings	\$700 million	76.8%	0%
50%	Fiscal 2017 percentage of operating earnings from sources other than physical video game products	37.5%	110.1%	125%

Based on the actual results, the number of earned performance-based restricted stock by NEO is as follows:

Named Executive Officer	Number of Earned Performance-Based Restricted Stock Payout
J. Paul Raines	46,050
Daniel A. DeMatteo	12,282
Robert A. Lloyd	15,488
Tony D. Bartel	22,106
Michael P. Hogan	11,063
Michael Mauler	11,063

Section 162(m) Compliance

In order to structure the STI as potentially deductible amounts under Section 162(m), the STI plan was subject to a performance condition of \$200 million consolidated net income in fiscal 2017, adjusted for certain items. This performance condition was met in fiscal 2017 and determined the maximum bonus pool from which the NEO's STI payouts could be paid. The maximum bonus pool was established at 150% of the Target payout opportunities for all NEOs indicated above. In awarding the final STI payouts to each NEO, the Compensation Committee exercised its discretion to reduce the maximum amount available for each NEO under the pool. The basis for this exercise of negative discretion by the Compensation Committee was the Company's performance against the operating earnings Targets as described in the "Short-Term Incentives" section above.

In order to structure the time-based restricted stock as potentially deductible amounts under Section 162(m), the LTI plan was subject to a performance condition of \$200 million consolidated net income in fiscal 2017, adjusted for certain items. As mentioned above, this performance condition was met in fiscal 2017.

2018 Compensation Program Summary

Provided below is a summary of key compensation decisions made in fiscal 2018.

Fiscal 2018 Salaries and STI Opportunities

In setting the base salaries of the executive officers for fiscal 2018, the Compensation Committee considered, among other things, the Company's financial performance and achievements in our diversification strategy during fiscal 2017, projections for fiscal 2018 and the responsibilities of our executive officers, the results of the benchmarking against the peer group, and the recommendations received from ClearBridge following its research.

Base salaries and Target STI payouts for our expected NEOs, as determined under SEC rules, for fiscal 2018 are as follows:

Name	Title	Base Salary	Target STI Percentage of Base Salary
Daniel A. DeMatteo	Executive Chairman and Interim Chief Executive Officer	\$ 400,000	150%
Robert A. Lloyd	Executive Vice President and Chief Financial Officer	\$ 709,000	125%
Daniel J. Kaufman	Executive Vice President, Chief Legal and Administrative Officer	\$ 600,000	100%

On May 9, 2018, Mr. DeMatteo resumed the role of interim Chief Executive Officer. Mr. DeMatteo's base salary and target STI may be adjusted during fiscal 2018 in light of his service as interim Chief Executive Officer. However, those adjustments have not been determined as of the date of this proxy statement.

2018 Long-Term Incentive Grants

The Compensation Committee met on February 19, 2018 and, upon ratification by the Board on February 22, 2018, approved a combination of time-based and performance-based restricted stock for fiscal 2018 (collectively, the "2018 LTI Awards"). The target value of the 2018 LTI Awards was determined on February 22, 2018, with the number of shares determined effective as of February 23, 2018. The LTI award is again comprised of 50% time-based restricted stock and 50% performance-based restricted stock, which balances the retentive and performance-based nature of the total LTI award.

Time-based restricted stock awards are subject to a three-year ratable vesting schedule. Performance-based restricted stock awards are subject to vesting both on the basis of continued service to the Company and the achievement of certain performance targets to be determined in the first half of fiscal 2018, with such targets to be measured following the completion of fiscal 2019. Performance-based restricted stock awards are subject to one additional year of time-based vesting following the end of the performance period. The fiscal 2018 awards are subject to accelerated vesting on the same basis as described above with respect to the fiscal 2017 awards. The Compensation Committee approved the following 2018 LTI Awards:

Name	Time-Based Restricted Stock (1)	Performance-Based Restricted Stock (2)	Total Shares of Restricted Stock Approved	Total Targeted Award Value (3)
Daniel A. DeMatteo	23,490	23,490	46,980	\$ 750,000
Robert A. Lloyd	52,605	52,605	105,210	\$ 1,680,000
Daniel J. Kaufman	23,490	46,980	70,470	\$ 1,500,000 (4)

- (1) Time-based restricted stock awards vest in equal installments on February 23rd of each of the years 2019 through 2021, subject to continued service to the Company.
- (2) Performance-based restricted stock subject to a cumulative fiscal 2018 and 2019 performance target, which is to be determined in the first half of fiscal 2018. Determination of earned awards is subject to the completion of the audited consolidated financial statements for fiscal 2019. The earned shares will vest subject to continued service with the Company through February 23, 2021.
- (3) The value of stock-denominated awards is based on the closing price of our common stock of \$15.97 per share as of February 23, 2018.
- (4) The total targeted award value for Mr. Kaufman includes an LTI cash award of \$375,000 which was granted on February 23, 2018 in connection with his transition from his previous role with the Company.

Employment Agreements and Severance/Change in Control Benefits

The Company entered into new employment agreements with J. Paul Raines, Daniel A. DeMatteo, Robert A. Lloyd, Tony D. Bartel, Michael P. Hogan and Michael Mauler effective May 10, 2013, and on November 13, 2013, the Company further amended and restated its employment agreement with Mr. Raines (collectively, as amended, the "Employment Agreements"). The Employment Agreements replaced all prior employment agreements that we had previously entered into with such executive officers. In addition to certain changes with respect to the triggers for and the payment of severance, as described below, the Employment Agreements also differ from the prior agreements with these executives in that (A) the term of each of the Employment Agreements is "at will" and may be terminated by the Company or the executive at any time and (B) each executive is restricted from competing with GameStop for two years after termination of employment regardless of the reason for the termination. The Employment Agreements for Messrs. DeMatteo, Lloyd and Mauler were amended in March 2018 to reflect current base salaries, bonus opportunities and titles, as applicable.

Under the terms of the Employment Agreements, each executive shall be entitled to all benefits afforded to management personnel or as determined by the Board, including, but not limited to, insurance programs, vacation, sick leave and 401(k) benefits.

Pursuant to the Employment Agreements, each executive's employment may terminate upon death or disability, by GameStop with or without cause (as defined) or by the executive within twelve months of a good reason event. If an executive's employment is terminated due to death or disability, or by the Company with cause or by the executive without good reason, the executive is entitled to payment of base salary through the date of death, disability or termination of employment.

Cause includes any of the following: (i) conviction of, or plea of nolo contendere to, a felony or any crime involving fraud or dishonesty; (ii) willful misconduct, whether or not in the course of service, that results (or that, if publicized, would be reasonably likely to result) in material and demonstrable damage to the business or reputation of the Company; (iii) material breach by the executive of any agreement with, policy of or duty owed to the Company or any of its subsidiaries; or (iv) willful refusal by the executive to perform his duties to the Company or the lawful direction of his or her supervisor that is not the result of a disability. If a cause event set forth in subsection (iii) or (iv) occurs, the executive will have a 30-day period in which to cure the event if the Board determines that such event is capable of cure.

Good reason includes the following: (i) a material diminution in the executive's base salary or the executive's target annual bonus opportunity; (ii) a material diminution in the executive's authority, duties, or responsibilities; (iii) the Company relocates the executive's principal worksite outside of the Dallas/Ft. Worth metropolitan area; or (iv) in the event of a sale of substantially all the business and assets of the Company, a failure of the Company to assign, or a refusal of the principal purchaser of assets to assume, the Company's then continuing obligations under the Employment Agreements. The Company generally has a 30-day period after notification by the executive to cure any good reason event.

Upon an executive's termination of employment without cause or by the executive with good reason, the executive, subject to an effective release, would receive an amount equal to two times (A) the executive's base salary plus (B) the executive's target bonus. Such amount would be paid in a lump sum. If such termination occurred within 18 months following a change in control (as defined in the Employment Agreements) the "two" would be replaced by two and one-half (three in the case of Mr. Raines and the Executive Chairman). The executive would also receive continuation of medical benefits for up to 18 months. Additionally, any time-based equity grants made to the executive would become fully vested. Any performance-based equity grants made to the executive will remain outstanding and will vest, if at all, based on actual performance through the end of the applicable performance period.

If the executive's employment with the Company is terminated due to death or disability, then the same treatment with respect to equity would apply; provided that if the executive's employment terminates due to death, all performance-based equity grants will vest and be paid at the target level. Any options held by the executive will generally remain outstanding until the earlier of the original stated expiration date of the option, one year from the date of termination or any accelerated expiration date of the options provided under the 2011 Incentive Plan, as amended, including upon a change of control.

The triggering events which would result in the payment of the severance amounts described above were selected because they provide employees with a guaranteed level of financial protection upon loss of employment and are considered competitive with severance provisions being offered currently in the market. The estimated payments upon a hypothetical termination for each of the NEOs as of the end of fiscal 2017 (and the actual payments, in the case of Messrs. Bartel, Hogan, Mauler and Raines) are detailed in "Employment Agreements and Potential Payments upon Termination or Change in Control" below.

Other Considerations

Stock Ownership

The Company has adopted a stock ownership policy which requires its NEOs and non-employee directors to be stockholders in the Company. The Compensation Committee believes that ownership of stock of the Company that is material to the income of the individuals involved is sufficient to provide the required incentive to such officers and non-employee directors and align their interests with the interests of the Company's stockholders. For a description of the stock ownership policy, see "Corporate Governance—Equity Ownership Policy" above.

Claw-back of Awards

The Company has adopted a formal claw-back policy to recover past compensation awards from executive officers in the event of fraud or a restatement. For a description of the claw-back policy, see "Corporate Governance—Claw-back Policy" above. The Company has not historically had any restatements or adjustments of this nature.

Anti-Hedging

The Company has adopted a formal anti-hedging policy prohibiting its employees and non-employee directors from entering into any form of hedging strategies or transactions using short sales, puts, calls or other types of financial instruments to protect against a loss in value of common stock. For a description of the anti-hedging policy, see "Corporate Governance—Anti-Hedging Policy" above.

Retirement Policy

The Company maintains a retirement policy for its employees (including NEOs) which provides for accelerated vesting of annual incentive awards under certain circumstances (the "Retirement Policy"). Employees who attain a minimum age of 55, complete a minimum period of service with the Company and its affiliates of 10 years and whose age plus years of service equal or exceed 70 are considered "retirement eligible" under the Retirement Policy. The purpose of the Retirement Policy is to encourage and reward loyalty and long service. The Retirement Policy is administered by the Compensation Committee and will generally not apply to the stock awards of any employee whose employment is terminated "for cause."

To be subject to the Retirement Policy, an award held by a retirement eligible grantee must be outstanding for six months. Once an award is subject to the Retirement Policy, any otherwise applicable service-based risk of forfeiture is waived, although shares subject to the award will generally remain non-transferable until the earlier of retirement or the otherwise applicable vesting date. Performance-based awards remain outstanding and subject to the applicable performance conditions following retirement, and were previously subject to proration to reflect the portion of the performance period actually worked by the grantee. The Retirement Policy was amended to remove the proration feature in February 2018. The exercise period for stock options is generally extended until the first anniversary of retirement. By virtue of their age and service to the Company, Messrs. DeMatteo, Lloyd and Kaufman are each "retirement eligible" under the Retirement Policy.

Retirement Benefits

Each of the Company's executive officers is entitled to participate in the Company's defined contribution 401(k) plan on the same basis as all other eligible employees. The Company matches the contributions of participants, subject to certain criteria. Under the terms of the 401(k) plan, as prescribed by the Internal Revenue Service ("IRS"), the contribution of any participating employee is limited to a maximum percentage of annual pay or a maximum dollar amount (\$18,000 pre-tax and \$6,000 catch-up for 2017). Our executive officers are subject to these limitations and therefore the Company does not consider its retirement benefits to be a material portion of the compensation program for our executive officers.

Life Insurance

We maintain an executive life insurance plan for our key executives which became effective in 2012. As part of this plan, we pay recoverable premiums on split-dollar life insurance policies that provide a death benefit to beneficiaries designated by each participating executive. The portion of the death benefit payable to the executive's beneficiary is equal to two times the base salary that was in effect at the time the executive first commenced participation in the plan. Participating executives become vested under the plan upon the first of (i) the executive's tenth anniversary of continuous participation in the plan, (ii) the executive's attainment of age 65, or (iii) the executive's death. If a vested executive terminates employment with the Company prior to attaining age 65, the executive may then elect to receive from the Company an assignment of their policy. If a vested executive terminates employment from the Company after attaining age 65 but prior to participating in the plan for 10 years, the Company will continue to pay premiums on their policy through the tenth anniversary of the executive's commencement of participation in the plan and the executive may then elect to receive an assignment of the policy. In either case, if the executive assumes the policy, the Company will first withdraw from the policy its full cash value.

Dividends

Under the terms of the 2011 Incentive Plan and related award agreements, dividends on unvested shares are accrued and will only be paid upon vesting of the underlying shares. Accordingly, our NEOs received dividends on the shares subject to their restricted stock award once those awards became vested in fiscal 2017. If above-target performance results in a NEO earning an above-target number of shares from performance-based awards, the NEO will also receive a dividend equivalent credit equal to the dividends that would have been paid on the additional earned shares had those shares been issued on the original grant date of the performance-based award. Those dividend equivalent credits will be paid only if and when the underlying shares vest (generally, upon satisfaction of time-based service criteria following the end of the applicable performance period or in the event of accelerated vesting due to death, disability or retirement eligibility).

Benefits and Perquisites

The Company maintains traditional health and welfare benefit plans and a qualified 401(k) plan, which are generally offered to all employees (subject to basic plan eligibility requirements) and are consistent with the types of benefits offered by other similar corporations. In addition to these traditional benefits, the Company offered in fiscal 2017 certain executive level perquisites to key executives, including all NEOs, which are designed to be competitive with the compensation practices of similar corporations, including life insurance and disability insurance commensurate with executive salaries, third-party financial planning services and annual physical examinations. Messrs. Raines, Lloyd, Bartel, Hogan and Mauler utilized the third-party financial planning services in fiscal 2017.

In addition, Messrs. Raines, Lloyd, DeMatteo, Bartel and Mauler were eligible to use the Company plane for personal use. Messrs. Raines, Lloyd and DeMatteo used the plane for personal use in each of the fiscal years 2017, 2016 and 2015. Mr. Mauler used the plane for personal use in fiscal 2017, but did not use the plane for personal use in fiscal 2016 or 2015. Messrs. Bartel and Hogan did not use the plane for personal use during fiscal 2017, fiscal 2016 or fiscal 2015.

The amounts disclosed in the "All Other Compensation" column of the Summary Compensation Table for the personal use of the Company plane represent actual incremental costs to operate the plane. The aggregate incremental cost is calculated based on the portion of the total variable operating costs for the fiscal year that was incurred as a result of personal use of the aircraft. These variable operating costs were provided by the third party retained to pilot and maintain the Company plane and include the following:

- fuel;
- crew expenses;
- ground services;
- aircraft telecommunication;
- catering & aircraft supplies;
- aircraft parts & supplies;
- maintenance labor & expenses;
- aircraft cleaning;
- international fees; and
- navigation and weather services.

The variable operating costs are divided by the total nautical miles flown by the Company plane during the year to arrive at a variable cost per nautical mile. This cost per nautical mile is then multiplied by the number of nautical miles incurred for personal use to arrive at the aggregate incremental cost attributable to the NEO. Additionally, while it happens rarely, if an aircraft flies empty before picking up or after dropping off a passenger flying for personal reasons, this "deadhead" segment would be included in the calculation of aggregate incremental cost.

Our NEOs are fully responsible for the personal income tax liability associated with their perquisites, including the use of the Company plane for personal reasons. The Company does not provide a tax gross-up with respect to such imputed income. None of the NEOs receives any other compensation or benefits which would be defined as perquisites.

Tax and Accounting Implications

Impact of Section 162(m) of the Internal Revenue Code

In determining fiscal 2017 compensation, the Compensation Committee has considered the potential impact of Section 162(m) of the Code, adopted under the Revenue Reconciliation Act of 1993. Prior to December 22, 2017, the date that the Tax Cuts and Jobs Act of 2017 ("TCJA") was signed into law, Section 162(m) disallowed a tax deduction for any publicly held corporation, for individual compensation exceeding \$1,000,000 in any taxable year paid to its chief executive officer or any of its three other most highly-compensated officers (other than the chief financial officer) unless (i) the compensation was payable solely on account of the attainment of performance goals, (ii) the performance goals were determined by a committee of two or more outside directors, (iii) the material terms under which compensation was to be paid were disclosed to and approved by stockholders and (iv) the determining committee certified that the performance goals were met. Because it is generally desirable for the Company to qualify to the extent possible the compensation of its

executives for deductibility under applicable tax laws, the Company obtained stockholder approval for the 2011 Incentive Plan, for the purpose of facilitating compliance with the above guidelines. The most recent stockholder approval of the 2011 Incentive Plan for this purpose occurred at the 2013 annual meeting of stockholders.

Effective January 1, 2018, the TCJA repealed the performance-based exception and, as a result, the \$1 million deduction limit now applies to persons serving as the chief executive officer or the chief financial officer at any time during the taxable year and the top three other highest compensated executive officers serving at fiscal year end. These new rules generally apply to taxable years beginning after December 31, 2017, but do not apply to compensation provided pursuant to a written binding contract in effect on November 2, 2017 that is not modified in any material respect after that date.

The Compensation Committee is continuing to assess the effects of the changes to Section 162(m) under the TCJA and will continue to be mindful of Section 162(m) limits on the deductibility of compensation in administering our compensation programs and making incentive awards. However, the Compensation Committee retains the right to award compensation that is not deductible if it deems that to be appropriate or necessary to meet the objectives of our compensation programs.

(1) Mr. Raines' service as Chief Executive Officer ended on November 13, 2017. Mr. Raines died on March 4, 2018.

(2) Mr. DeMatteo served as the Company's interim Chief Executive Officer from November 13, 2017 to February 4, 2018. Mr. DeMatteo again assumed the interim Chief Executive Officer role on May 9, 2018. Throughout these periods, Mr. DeMatteo has continued to serve as Executive Chairman.

(3) On February 7, 2018, Tony D. Bartel and Michael P. Hogan ceased employment with the Company.

(4) Michael P. Hogan became one of the three other most highly compensated executive officers in fiscal 2016. As such, compensation for fiscal year 2015 is not listed.

(5) Mr. Mauler served as our Chief Executive Officer from February 4, 2018 to May 9, 2018 and resigned from employment with the Company on May 9, 2018.

(6) Reflects fiscal 2017, 2016 and 2015.

(7) Reflects salary paid for fiscal 2017, 2016 and 2015.

- (8) Reflects the grant date fair value for the designated fiscal years for the restricted stock awards in accordance with ASC 718 based on the common stock price on the date of grant. A portion of the restricted shares granted will vest in equal annual increments over a three-year period after the grant date, subject to continued service to the Company. The remaining restricted shares granted are subject to certain performance measures and will vest, if at all, based on the achievement of such measures at the end of each respective performance period, subject to confirmation by the Compensation Committee and continued service to the Company. For fiscal 2017, 50% of the stock awards include performance-based restricted shares. If these performance-based awards are earned at the maximum of 200% of the target award, then the grant date fair market value of the shares subject to the fiscal 2017 performance-based awards would be as follows: Mr. Raines - \$4,500,346; Mr. DeMatteo - \$750,816; Mr. Lloyd - \$1,512,250; Mr. Bartel - \$2,161,440; Mr. Hogan - \$1,081,478; and Mr. Mauler - \$1,081,478.
- (9) Reflects incentive-based bonuses earned in each fiscal year. For fiscal 2017, Mr. Raines' STI payout was prorated for the portion of fiscal 2017 for which he served as Chief Executive Officer.
- (10) The amounts reported in the "All Other Compensation" column represent the sum of (a) the aggregate incremental cost to the Company of all perquisites and other personal benefits, including the personal use of the Company plane, premiums on life insurance and long-term disability insurance, third party financial planning services and annual physical examinations and (b) the amounts contributed by the Company to our 401(k) retirement savings plan and medical expense reimbursement plan. See details of these amounts in the "All Other Compensation" table below.

- (1) Personal use of Company aircraft is valued based on the aggregate incremental costs to the Company to operate the aircraft. As described more fully in the "Other Considerations" section above, the aggregate incremental cost is calculated based on the portion of the total variable operating costs for the fiscal year that was incurred as a result of personal use of the aircraft. The use of the Company airplane by Mr. Raines was as a result of Mr. Raines' medical condition and was the Compensation Committee's preferred means of travel for Mr. Raines. Our NEOs are fully responsible for the personal income tax liability associated with their perquisites. The Company does not provide a tax gross-up with respect to such imputed income.
- (2) Represents Company contributions to our medical expense reimbursement plan.

(1) Non-Equity Incentive Plan Awards were granted under the 2011 Incentive Plan, as amended.

(2) If at least 75% of the performance Target is achieved.

(3) Equity Incentive Plan Awards were granted under the 2011 Incentive Plan and consist of restricted shares of common stock subject to achievement of certain performance targets with respect to the Company's operating earnings. For additional information on the grant, refer to the discussion under "Long-term Incentive Awards" in the Compensation Discussion and Analysis above.

(4) Other Stock Awards were granted under the 2011 Incentive Plan and consist of restricted shares of common stock subject primarily to time-based vesting. For additional information on the grant, refer to the discussion under "Long-term Incentive Awards" in the Compensation Discussion and Analysis above.

(5) The grant date fair value of each equity award was computed in accordance with ASC 718 based on the closing price of common stock on the grant date. For the restricted stock subject to performance measures, the grant date fair value was determined based on the vesting of the target number of shares, which the Company believed to be the probable outcome to be achieved under the grants as of the date of the grant.

(1) The options reflected herein were granted under the 2011 Incentive Plan, and vest and become exercisable in equal annual increments over a three-year period following the grant date. The options expire one day before the tenth anniversary of the grant date.

(2) Represents unvested restricted shares outstanding as of February 3, 2018 which will vest based upon continued service to the Company. The shares outstanding as of the end of fiscal 2017 are comprised of time-based awards of restricted shares that vest on an annual basis over a three-year period which were granted on March 6, 2015, February 26, 2016, and March 3, 2017. For Messrs. DeMatteo, Lloyd and Mauler, who are retirement eligible, the unvested restricted shares granted on March 3, 2017 became vested for tax purposes under the Retirement Policy following the completion of fiscal 2017 upon the Compensation Committee's certification of a consolidated net income target for Section 162(m) purposes.

- (3) This column excludes 23,572, 20,327 and 17,212 share awards granted on March 6, 2015 and February 26, 2016 for Messrs. DeMatteo, Lloyd and Mauler, respectively, that on or prior to February 3, 2018 became vested for tax purposes on an accelerated basis in accordance with the Company's Retirement Policy. Pursuant to the Retirement Policy, such shares will be released from transfer restrictions upon the earlier of the original vesting date or the executive officer's retirement.
- (4) Represents target level of unvested restricted shares outstanding as of February 3, 2018 which will be earned, if at all, based upon the achievement of certain performance targets as well as continued service to the Company. All of the performance-based restricted shares granted in fiscal 2017 are tied to certain operating earnings Targets for fiscal 2018 and will vest, to the extent earned, on March 3, 2020, which represents the end of the three-year vesting period (except in the case of executives that are retirement eligible, who will vest in these awards (to the extent earned) immediately at the end of the performance period). One-half of the fiscal 2016 performance-based awards were tied to fiscal 2017 consolidated operating earnings and were earned at 0% of the target following the completion of the audited consolidated financial statements for fiscal 2017. The remaining one-half of the fiscal 2016 performance-based awards were tied to a target percentage of operating earnings from sources other than physical video game products and were earned at 125% of the target. The unvested restricted awards are entitled to quarterly dividends of the amount declared by the Board. The dividends on the restricted shares subject to performance measures will be accrued and paid to the recipients only if and when the shares vest.

Stock Vested and Option Exercises

The following table provides information for the executive officers named in the Summary Compensation Table regarding shares acquired upon vesting of stock awards during fiscal 2017 by those executive officers. The values realized upon vesting in the table have been calculated using the stock price at the time of vesting. No stock options were exercised by our NEOs during fiscal 2017.

Name	Stock Awards	
	Number of Shares Acquired on Vesting (#)	Value Realized On Vesting (\$)(1)
J. Paul Raines	65,067	\$ 1,568,328
Daniel A. DeMatteo ⁽²⁾	36,777	\$ 826,011
Robert A. Lloyd ⁽²⁾	36,297	\$ 815,231
Tony D. Bartel	31,250	\$ 753,241
Michael P. Hogan	15,635	\$ 376,859
Michael Mauler ⁽²⁾	25,934	\$ 582,478

- (1) The value realized on vesting was our closing stock price on the vesting date multiplied by the number of shares vested. All amounts are shown prior to the surrender of shares, if any, to cover withholding taxes in connection with the vestings.
- (2) The value realized on vesting for Messrs. DeMatteo, Lloyd and Mauler reflect certain share awards vested for tax purposes on an accelerated basis in accordance with the Company's Retirement Policy; however, these shares will not actually be released from transfer restrictions until the otherwise scheduled vesting date or, if earlier, upon the executive's actual retirement. As of February 3, 2018, 23,572, 20,327 and 17,212 of these shares had not yet become transferable by Messrs. DeMatteo, Lloyd and Mauler, respectively.

(1) Pursuant to the terms of the Employment Agreements, this amount is calculated as two times the NEO’s annual base salary in effect at the time in the event of a termination without cause or with good reason. In the event of a termination without cause or with good reason in connection with a change in control event, this amount is calculated as three times the NEO’s annual base salary in effect at the time in the case of Messrs. Raines and DeMatteo, and two and one-half times the NEO’s annual base salary in effect at the time in the case of Messrs. Lloyd, Bartel, Hogan and Mauler.

No salary amounts are payable under the Employment Agreements with respect to a termination for cause or without good reason, or a termination upon death or disability of the executive.

- (2) Pursuant to the terms of the Employment Agreements, this amount is calculated as two times the NEO's annual incentive bonus target in effect at the time in the event of a termination without cause or with good reason. In the event of a termination without cause or with good reason in connection with a change in control event, this amount is calculated as three times the NEO's annual incentive bonus target in the case of Messrs. Raines and DeMatteo, and two and one-half times the NEO's annual bonus incentive target in effect at the time in the case of Messrs. Lloyd, Bartel, Hogan and Mauler. No bonus amounts are payable under the Employment Agreements with respect to a termination for cause or without good reason, or a termination upon death or disability of the executive.
- (3) In the event of a termination without cause or with good reason, or a termination without cause or with good reason in connection with a change in control event, the NEOs are eligible under the Employment Agreements to receive medical benefits until the earlier of the expiration of 18 months following the termination date or the date on which the executive becomes eligible for coverage under another employer's medical plan. The amounts in the table above reflect the estimated value of medical coverage to each NEO assuming the maximum 18-month coverage period.
- (4) Pursuant to the terms of the Employment Agreements, unvested restricted shares that are subject to vesting based on continued service to the Company will immediately become vested upon termination without cause, termination with good reason, termination due to death or disability of the recipient, and termination without cause or with good reason in connection with the occurrence of a change in control event. Performance-vested awards held immediately prior to termination for which the performance period is not yet complete generally will remain outstanding until the end of the performance period and will vest, if at all, based on actual performance through the end of the performance period, except in the case of termination due to death of the recipient, in which case such performance-based awards will vest immediately at the target level. The values reflected in the "Termination Upon Death" column in the table above include the target number of unvested performance-based restricted shares as of the assumed termination date (in this case, February 3, 2018) and the closing stock price of \$16.23 on February 2, 2018, the last trading day of fiscal 2017. Under all other termination scenarios outlined above, no value for the unvested performance-based restricted shares are reflected in the table as these awards would remain outstanding until the end of such performance periods, pursuant to the terms of the employment agreements. For Messrs. DeMatteo, Lloyd and Mauler, who are retirement eligible, amounts include the value of the restricted shares granted on March 3, 2017 which became vested for tax purposes under the Retirement Policy following the completion of fiscal 2017.
- (5) The amount in each column excludes \$382,574 of value related to shares that previously became vested for tax purposes but which remain non-transferable pursuant to the Retirement Policy.
- (6) The amount in each column excludes \$329,907 of value related to shares that previously became vested for tax purposes but which remain non-transferable pursuant to the Retirement Policy.
- (7) The amount in each column excludes \$279,351 of value related to shares that previously became vested for tax purposes but which remain non-transferable pursuant to the Retirement Policy.
- (8) The NEOs also held stock options as of February 2, 2018 (the assumed date of the termination or change in control event). Pursuant to the terms of the Employment Agreements, the post termination exercise period of outstanding stock options is generally extended to one year following termination upon death, disability, termination without cause or resignation with good reason. However, the stock options held by the NEOs all have exercise prices in excess of the closing stock price of \$16.23 on February 2, 2018, the last trading day of fiscal 2017. Accordingly, at that time, these stock options had no intrinsic value and therefore no amount is shown in the table above with respect to those awards.
- (9) As of February 3, 2018, Mr. DeMatteo was serving as interim Chief Executive Officer with a base salary of \$900,000 and an annual incentive bonus target of 200%. Accordingly, his entitlements are illustrated in the table above based on those pay levels.

Death of Mr. Raines

Mr. Raines commenced medical leave on November 13, 2017 and died on March 4, 2018. In connection with his death, Mr. Raines' estate or beneficiaries received the payments and benefits provided for in his employment agreement and other compensation arrangements, which payments and benefits are summarized below. Stock values indicated below were calculated based on \$15.93 per share, the closing price of our common stock on the last trading date preceding his death.

As noted previously, Mr. Raines' estate received \$899,864 in payment of his 2017 annual bonus, determined based on the Company's actual performance in fiscal 2017 and pro-rated to reflect the portion of fiscal 2017 during which Mr. Raines was actively employed. Mr. Raines' estate or beneficiaries also became vested with respect to 303,644 shares of restricted stock valued at \$4,837,049 (plus accrued dividends on those shares totaling \$915,747). These shares included both time-vested awards as well as the target amount of performance-based awards for which the performance period was not yet complete. In addition, at the time of his death, Mr. Raines held vested stock options with respect to 241,740 shares. The post-termination exercise period of those stock options was extended through the earlier of the first anniversary of his death or the otherwise applicable termination date of the option. As of the date of his death, the exercise prices of all of these stock options were greater than the closing price of the Company's stock. Finally, Mr. Raines' beneficiaries received \$2,060,000 and \$500,000 in proceeds from our split-dollar executive life insurance plan and general group life insurance plan, respectively.

Separation of Messrs. Bartel and Hogan

Messrs. Bartel and Hogan ceased employment with the Company on February 7, 2018. In connection with the cessation of their employment, they received the severance payments and benefits provided for in their respective employment agreements, which are summarized below. Stock values indicated below were calculated based on the closing price of our common stock as of their February 7, 2018 termination date, which was \$16.47 per share.

Mr. Bartel received \$4,171,500 in respect of the base and bonus components of his severance, continuation of group health benefits for up to 18 months valued at \$25,209, accelerated vesting of 76,300 shares of time-based restricted stock valued at \$1,256,661 (plus accrued dividends on those shares totaling \$208,981). Finally, Mr. Bartel retained his 2017 performance-based

restricted stock award, which award will be earned or forfeited based on the Company's actual performance through the end of the applicable performance period (*i.e.*, through the end of fiscal 2018). At target, that 2017 performance-based stock award applies to 42,750 shares valued at \$704,093 (plus unearned dividends accrued to date totaling \$81,225).

Mr. Hogan received \$2,480,000 in respect of the base and bonus components of his severance, continuation of group health benefits for up to 18 months valued at \$21,201, accelerated vesting of 38,180 shares of time-based restricted stock valued at \$628,825 (plus accrued dividends on those shares totaling \$104,577). In addition, Mr. Hogan vested in 19,297 shares valued at \$317,822 (plus accrued dividends on those shares totaling \$77,081) in respect of his 2015 and 2016 performance-based restricted stock grants, based on the Company's actual performance through the end of the applicable performance period (*i.e.*, through the end of fiscal 2017). Finally, Mr. Hogan retained his 2017 performance-based restricted stock award, which award will be earned or forfeited based on the Company's actual performance through the end of the applicable performance period (*i.e.*, through the end of fiscal 2018). At target, that 2017 performance-based stock award applies to 21,390 shares valued at \$352,293 (plus unearned dividends accrued to date totaling \$40,641).

In addition, as of their termination date, Messrs. Bartel and Hogan held vested stock options with respect to 132,900 and 66,480 shares, respectively. Pursuant to the terms of their employment agreements, the termination of their employment resulted in the post-termination exercise periods of these options being extended through the first anniversary of their termination date (or, if less, until the otherwise applicable termination date of the option). As of their termination date, the exercise prices of all of these stock options were greater than the closing price of the Company stock.

Resignation of Mr. Mauler

Mr. Mauler resigned from employment with the Company on May 9, 2018. In connection with his resignation, 23,324 shares of restricted stock and accumulated dividends were released from transfer restrictions in accordance with the the Company's Retirement Policy. Mr. Mauler did not otherwise receive severance or other separation benefits in connection with his resignation.

CEO Pay Ratio

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, we are disclosing the ratio of the total annual compensation of our CEO to that of our median employee. We identified the median employee among all our employees as of February 3, 2018 (the "determination date").

We are a global retail company with approximately 22,000 full-time salaried and hourly employees and between 25,000 and 45,000 part-time hourly employees worldwide, depending on the time of year. As of the determination date, Mr. DeMatteo was serving as our interim CEO with total annualized compensation of \$2,561,143. For fiscal 2017, our median employee is a part-time hourly employee in one of our U.S. stores who worked an average of 22 hours per week. The annual compensation of the median employee was \$12,123 for fiscal 2017. Based on this information, the ratio of the fiscal 2017 annual total compensation of our CEO to that of our median employee was approximately 211 to 1.

Mr. DeMatteo's total annualized compensation was determined by annualizing his base salary and short-term incentive opportunity in effect as of the determination date. Mr. DeMatteo's annualized compensation also includes the fiscal 2017 amounts reported under the "stock awards" and "all other compensation" columns for Mr. DeMatteo in the summary compensation table.

In order to identify the median employee in terms of compensation across our global population of 51,700 employees, we utilized total annual earnings from the 2017 calendar year which include, but are not limited to, salary/hourly wages, overtime, bonus and commissions. We used W-2 earnings for the U.S. employee population and the W-2 equivalent earnings for the international employee population. We annualized the compensation for permanent associates who joined the Company after January 1, 2017. Full-time equivalency adjustments were not performed for part-time associates.

We believe our CEO pay ratio is a reasonable estimate calculated in a manner consistent with the SEC pay ratio rules and methods for disclosure. The SEC rules do not specify a single methodology in identifying the median employee and in calculating that person's annual compensation. In addition, the SEC rules do not specify a single methodology in determining the total annual compensation of the CEO to be used in the pay ratio when a company had more than one person that served as CEO during the year. Accordingly, the pay ratio reported by other companies may not be comparable to the Company's pay ratio disclosed above.

Compensation Committee Report on Executive Compensation

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis contained in this Proxy Statement with members of the Company's management. Based on such review and discussions and relying thereon, we have recommended to the Board that the Compensation Discussion and Analysis set forth above be included in the Company's 2017 Annual Report on Form 10-K and in this Proxy Statement.

PROPOSAL 3: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected Deloitte & Touche LLP ("Deloitte"), an independent registered public accounting firm, which was engaged as independent registered public accountants for fiscal 2017, to audit the financial statements of the Company for fiscal 2018. Although the Audit Committee has the sole authority to appoint the independent registered public accounting firm, as a matter of good corporate governance we are submitting our selection of Deloitte for ratification by the stockholders at the annual meeting. If the stockholders should not ratify the appointment of Deloitte, the Audit Committee will reconsider the appointment. A representative of Deloitte is expected to be present at the annual meeting, will have the opportunity to make a statement and is expected to be available to respond to appropriate questions. Deloitte has served as our independent registered public accounting firm since 2013.

Annual Evaluation and Selection of Independent Registered Public Accounting Firm

The Audit Committee has sole authority to appoint and replace the Company's independent registered public accounting firm, which shall report directly to the Audit Committee, and is directly responsible for its compensation and oversight of its work. Each year the Audit Committee reviews our firm's qualifications, performance and independence in accordance with regulatory requirements and guidelines. This includes a review of the firm's internal quality control procedures, results of its most recent quality control reviews and steps taken to enhance the quality of its audits, and issues raised by recent government reviews, if any. The Audit Committee reviews auditor independence matters, the firm's audit strategy for GameStop, terms of the audit engagement, and the firm's capabilities and communications to the Audit Committee. In March 2018, the Audit Committee reappointed Deloitte as our independent registered public accounting firm for fiscal 2018.

In support of its reappointment of Deloitte as GameStop's independent registered public accounting firm, the Audit Committee took the following actions:

Areas of Focus	Actions
Firm qualifications	The Audit Committee reviews Deloitte's global reach, capability and expertise to perform an audit of a company with the breadth and complexity of GameStop's business and its global footprint.
Firm objectivity and independence	The Audit Committee reviews relationships between Deloitte and GameStop that may reasonably be thought to bear on independence and reviews Deloitte's annual affirmation of independence. Recognizing that independence and objectivity can be impacted by an auditor's provision of non-audit services, the Audit Committee reviews the nature and amount of non-audit services provided by Deloitte. In order to assure continuing auditor independence, the Audit Committee also considers whether it is appropriate to adopt a policy of rotating the independent registered public accountants on a regular basis. At this time, after reviewing the independence of Deloitte, the Audit Committee does not believe that it is necessary to rotate the independent registered public accountants to assure continuing auditor independence.
Quality of auditing practices and Deloitte's commitment to quality	The Audit Committee reviews issues raised by the Public Company Accounting Oversight Board ("PCAOB") in its reports on Deloitte, Deloitte's internal quality control procedures and results of Deloitte's most recent quality control review. The Audit Committee also discusses Deloitte's quality initiatives and steps Deloitte is taking to enhance the quality of its audits with the lead engagement partner and with Deloitte's senior advisory partner assigned to GameStop.
Performance as auditor	The Audit Committee reviews and discusses Deloitte's audit strategy and plan, including the overall scope of the audit. The Audit Committee receives periodic updates from the lead engagement partner on the status of the audit and on areas of focus for Deloitte. The Audit Committee annually reviews Deloitte's performance in the conduct of their work and considers feedback provided by GameStop management regarding Deloitte's performance.
Performance and qualifications of lead engagement partner	The Audit Committee Chair is directly involved in selecting the lead engagement partner to ensure that the lead engagement partner is appropriately qualified to lead the GameStop audit. Throughout the year, the Audit Committee Chair meets one on one with the lead engagement partner to promote a candid and thorough dialogue. The Audit Committee also meets with the lead engagement partner in executive sessions of certain of the Audit Committee's meetings to discuss the audit and any other relevant matters.
Communications with the Audit Committee	The Audit Committee evaluates the lead engagement partner's communications with the Audit Committee for thoroughness, candor, clarity and timeliness.
Terms of the engagement and audit fees	The Audit Committee reviews the audit engagement letter and approves fees for audit and non-audit services.

Based on this review, the Audit Committee and the Board believe that retaining Deloitte to serve as our independent registered public accounting firm for fiscal 2018 is in the best interests of the Company and its stockholders.

THE BOARD CONSIDERS DELOITTE TO BE WELL QUALIFIED AND RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR RATIFICATION. PROXIES SOLICITED HEREBY WILL BE VOTED FOR THE PROPOSAL UNLESS A VOTE AGAINST THE PROPOSAL OR ABSTENTION IS SPECIFICALLY INDICATED.

Independent Registered Public Accounting Firm

As described in "Proposal 3: Ratification of Appointment of Independent Registered Public Accounting Firm," the Audit Committee of the Board has selected Deloitte, an independent registered public accounting firm, which was engaged as independent registered public accountants for fiscal 2017, to audit the financial statements of the Company for fiscal 2018.

The independent registered public accounting firm examines the annual financial statements and provides other permissible non-audit and tax-related services for the Company. The Company and the Audit Committee have considered the non-audit services provided by Deloitte and concluded they are compatible with maintaining the independence of Deloitte in audit of the Company and in accordance with the SEC's rules.

The following table sets forth information regarding fees for professional services rendered by Deloitte in fiscal 2017 and 2016:

	2017	2016

Pre-approval Policies and Procedures

The Audit Committee Charter adopted by the Board of the Company requires that, among other things, the Audit Committee pre-approve the rendering by the Company's independent registered public accounting firm of all audit and permissible non-audit services. Accordingly, as part of its policies and procedures, the Audit Committee considers and pre-approves any such audit and permissible non-audit services on a case-by-case basis. The Audit Committee approved all of the services provided by Deloitte referred to above.

Also, subsequent to the fiscal year ended February 3, 2018, an additional 232,665 shares of restricted stock were approved to be granted under the 2011 Incentive Plan, subject to performance targets which will be measured following completion of fiscal 2019. The earned shares will vest immediately on February 23, 2021. Shares subject to performance measures may generally be earned in greater or lesser percentages if Targets are exceeded or not achieved by specified amounts.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file initial statements of beneficial ownership (Form 3) and statements of changes in beneficial ownership (Forms 4 and 5) of common stock of the Company with the SEC. Executive officers, directors and greater than ten-percent stockholders are required to furnish us with copies of all such forms they file.

Based solely on our review of the copies of such forms received by us, or written representations from certain reporting persons that no additional forms were required, we believe that all filing requirements applicable to our executive officers, directors and greater than ten-percent stockholders were complied with for the fiscal year ended February 3, 2018.

Certain Relationships and Related Transactions

The Board has adopted an Audit Committee Charter which requires the Audit Committee to review with management and the independent registered public accountants and approve all transactions and courses of dealing with parties related to the Company. This obligation of the Audit Committee is described earlier in this Proxy Statement in the "Election of Directors" section, which states that the Audit Committee is responsible for reviewing and approving related party transactions. Also, as described earlier in this Proxy Statement in the "Election of Directors" section, the Company has adopted a Code of Ethics for Senior Financial and Executive Officers and a Code of Standards, Ethics and Conduct applicable to the Company's management-level employees. The codes require that all of our employees and directors avoid conflicts of interest, defined as situations where the person's private interests interfere in any way, or even appear to interfere, with the interests of the Company as a whole. In addition, at least annually each director and executive officer completes a detailed questionnaire that inquires about any business relationship that may give rise to a conflict of interest and all transactions in which we are involved and in which the executive officer, a director or a related person has a direct or indirect material interest. It is our policy that any potential conflict of interest transaction with an executive officer or director or any transaction that triggers disclosure under Item 404(a) of Regulation S-K as a result of these inquiries is required to be reviewed and approved or ratified by the Audit Committee. During fiscal 2017, there were no transactions requiring disclosure with, or with an immediate family member of, directors, Named Executive Officers or persons who were the beneficial owners of more than 5% of the Company's outstanding shares during the fiscal year.

Other Matters

We do not intend to present any other business for action at the annual meeting and do not know of any other business intended to be presented by others. If any matters other than the matters described in the Notice of Annual Meeting of Stockholders and this Proxy Statement should be presented for stockholder action at the annual meeting, it is the intention of the persons designated in the proxy to vote thereon in accordance with their best judgment.
