**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

**1. Basis of Presentation**

GameStop Corp. (the "Company") is a Delaware corporation formed for the purpose of consummating the business combination (the "merger") of GameStop Holdings Corp., formerly known as GameStop Corp. ("Historical GameStop"), and Electronics Boutique Holdings Corp. ("EB"), which was completed on October 8, 2005. The Company is the world's largest retailer of video games and entertainment software.

The merger of Historical GameStop and EB has been treated as a purchase business combination for accounting purposes, with Historical GameStop designated as the acquirer. Therefore, the historical financial statements of Historical GameStop became the historical financial statements of the Company, the registrant. The accompanying condensed consolidated statements of operations for the 13-week and 39-week periods ended October 28, 2006 include the results of operations of Historical GameStop and EB, whereas the 13-week and 39-week periods ended October 29, 2005 include the results of operations of Historical GameStop and only the 3 weeks of operations of EB after the merger date. The accompanying condensed consolidated statements of cash flows for the 39-week period ended October 28, 2006 include the results of operations of Historical GameStop and EB, whereas the 39-week period ended October 29, 2005 include the results of operations of Historical GameStop and 3 weeks of operations of EB. Note 2 provides summary unaudited pro forma information and details on the purchase accounting.

The unaudited consolidated financial statements include the accounts of the Company and its subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation. All dollar and share amounts in the consolidated financial statements and notes to the consolidated financial statements are stated in thousands unless otherwise indicated.

The unaudited consolidated financial statements included herein reflect all adjustments (consisting only of normal, recurring adjustments) which are, in the opinion of the Company's management, necessary for a fair presentation of the information for the periods presented. These consolidated financial statements are condensed and, therefore, do not include all of the information and footnotes required by generally accepted accounting principles. These consolidated financial statements should be read in conjunction with the Company's annual report on Form 10-K for the 52 weeks ended January 28, 2006 ("fiscal 2005") as filed on April 3, 2006. For information relating to EB prior to the merger, you should refer to the audited consolidated financial statements and notes thereto, which are included in EB's annual report on Form 10-K/A, Amendment No. 2 for the 52 weeks ended January 29, 2005, as filed on September 2, 2005. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. In preparing these financial statements, management has made its best estimates and judgments of certain amounts included in the financial statements, giving due consideration to materiality. Changes in the estimates and assumptions used by management could have significant impact on the Company's financial results. Actual results could differ from those estimates.

Due to the seasonal nature of the business, the results of operations for the 39 weeks ended October 28, 2006 are not necessarily indicative of the results to be expected for the 53 weeks ending February 3, 2007 ("fiscal 2006").

Certain reclassifications have been made to conform the prior period data to the current year presentation.

**2. Business Combinations, Goodwill and Intangible Assets**

On October 8, 2005, Historical GameStop and EB completed their previously announced merger pursuant to the Agreement and Plan of Merger, dated as of April 17, 2005 (the "Merger Agreement"). Upon the consummation of the merger, Historical GameStop and EB became wholly-owned subsidiaries of the Company.

**GAMESTOP CORP.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS — (Continued)**

Under the terms of the Merger Agreement, Historical GameStop's stockholders received one share of the Company's Class A common stock for each share of Historical GameStop's Class A common stock owned and one share of the Company's Class B common stock for each share of Historical GameStop's Class B common stock owned. EB stockholders received \$38.15 in cash and .78795 of a share of the Company's Class A common stock for each EB share owned. In aggregate, 20.2 million shares of the Company's Class A common stock were issued to EB stockholders at a value of approximately \$437,144 (based on the closing price of \$21.61 of Historical GameStop's Class A common stock on April 15, 2005, the last trading day before the date the merger was announced). In addition, approximately \$993,254 in cash was paid in consideration for (i) all outstanding common stock of EB, and (ii) all outstanding stock options of EB. Including transaction costs of \$13,558 incurred by Historical GameStop, the total consideration paid was approximately \$1,443,956.

The purchase price was preliminarily allocated based on estimated fair values as of the acquisition date. The estimated fair values and useful lives of the intangible assets acquired have been supported by third party valuation. Our integration plans have been finalized and a final determination of required purchase accounting adjustments has been completed. The following represents the final allocation of the purchase price (table in thousands):

	<b>October 8, 2005</b>
Current assets	\$ 539,860
Property, plant & equipment	229,256
Goodwill	1,074,937
Intangible assets:	
Point-of-sale software	3,150
Non-compete agreements	282
Leasehold interests	17,299
Total intangible assets	20,731
Other long-term assets	38,995
Current liabilities	(420,202)
Long-term liabilities	(39,621)
Total purchase price	<u>\$ 1,443,956</u>

In determining the purchase price allocation, management considered, among other factors, the Company's intention to use the acquired assets. The total weighted average amortization period for the intangible assets, excluding goodwill, is approximately four years. The intangible assets are being amortized based upon the pattern in which the economic benefits of the intangible assets are being utilized. None of the goodwill is deductible for income tax purposes.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

The following table summarizes unaudited pro forma financial information assuming the merger had occurred on the first day of fiscal 2005. The unaudited pro forma financial information does not necessarily represent what would have occurred if the transaction had taken place on the date presented and should not be taken as representative of our future consolidated results of operations. Management expects to realize operating synergies from reduced costs in logistics, marketing, and administration. The pro forma information does not reflect these potential synergies:

In connection with the merger, the Company incurred merger-related costs and integration activities which have resulted in involuntary employment terminations, lease terminations, disposals of property and equipment and other costs and expenses. The liability for involuntary termination benefits covered severance amounts, payroll taxes and benefit costs for approximately 680 employees, primarily in general and administrative functions in EB's Pennsylvania corporate office and distribution center and Nevada call center, which have been closed. Termination of these employees began in October 2005 and was substantially completed in July 2006. The Pennsylvania corporate office and distribution center were owned facilities that were sold in June 2006. These assets were classified in the January 28, 2006 balance sheet as "assets held for sale."

The liability for lease terminations is associated with stores to be closed. If the Company is unsuccessful in negotiating lease terminations or sublease agreements, the lease liability will be paid over the remaining lease terms, the majority of which expire in the next 3 to 5 years with the last of such leases expiring in 2015. The Company intends to close these stores in the next 12 to 15 months. The disposals of property and equipment are related to assets which were either impaired or have been either abandoned or disposed of due to the merger. Certain costs associated with the disposition of these assets remained as accrued until the assets were disposed of and the costs were paid. The disposition of property and equipment is now complete.

Merger-related costs include professional fees, financing costs and other costs associated with the merger and included certain costs associated with integrating the operations of Historical GameStop and EB, including

relocation costs. The Company has finalized integration plans and related liabilities and management anticipates completion of all operational integration activities in fiscal 2006. Distribution and information system integration is complete. Rebranding of EB stores to the GameStop name is expected to be completed in the next 18 to 30 months.

The following table represents the activity during the 39 weeks ended October 28, 2006 associated with merger costs and related liabilities included in accrued liabilities:

### 3. Accounting for Stock-Based Compensation

In December 2004, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 123 (Revised 2004), *Share-Based Payment*, ("SFAS 123(R)"). This Statement requires companies to expense the estimated fair value of stock options and similar equity instruments issued to employees in its financial statements. Previously, companies were required to calculate the estimated fair value of these share-based payments and could elect to either include the estimated cost in earnings or disclose the pro forma effect in the footnotes to their financial statements. We chose to disclose the pro forma effect for all periods through January 28, 2006.

In March 2005, the SEC issued Staff Accounting Bulletin ("SAB") No. 107 regarding the Staff's interpretation of SFAS 123(R). This interpretation provides the Staff's views regarding interactions between SFAS 123(R) and certain SEC rules and regulations and provides interpretations of the valuation of share-based payments for public companies. Following the guidance prescribed in SAB 107, on January 29, 2006, the Company adopted the provisions of SFAS 123(R) using the modified prospective application method, and accordingly, we have not restated the consolidated results of income from prior interim periods and fiscal years.

Under SFAS 123(R), the Company records stock-based compensation expense based on the grant-date fair value estimated in accordance with the original provisions of Statement of Financial Accounting Standards No. 123, *Accounting for Stock-Based Compensation*, and previously presented in the pro forma footnote disclosures, for all options granted prior to, but not vested as of, the adoption date. In addition, the Company records compensation expense for the share-based awards issued after the adoption date in accordance with SFAS 123(R).

In addition to requiring companies to recognize the estimated fair value of share-based payments in earnings, SFAS 123(R) modified the presentation of tax benefits received in excess of amounts determined based on the compensation expense recognized. Previously, such amounts were considered sources of cash in the operating activities section of the Statement of Cash Flows. For periods after adopting SFAS 123(R) under the modified prospective method, such benefits are presented as a use of cash in the operating section and a source of cash in the financing section of the Statement of Cash Flows.

**GAMESTOP CORP.**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS — (Continued)**

The following table illustrates the effect on net earnings and net earnings per Class A and Class B common share as if the Company had applied the fair value recognition provisions of SFAS 123(R) to stock-based employee compensation for the options granted under its plans for the 13 and 39 weeks ended October 29, 2005:

	13 Weeks Ended October 29, 2005	39 Weeks Ended October 29, 2005
	(In thousands, except per share data)	
Net earnings (loss) as reported	\$ (2,460)	\$ 15,769
Deduct: Total stock-based employee compensation expense determined under fair value based method for all awards, net of related tax effects	1,949	5,328
Pro forma net earnings (loss)	<u>\$ (4,409)</u>	<u>\$ 10,441</u>
Net earnings (loss) per Class A and Class B common share — basic, as reported	<u>\$ (0.04)</u>	<u>\$ 0.30</u>
Net earnings (loss) per Class A and Class B common share — basic, pro forma	<u>\$ (0.08)</u>	<u>\$ 0.20</u>
Net earnings (loss) per Class A and Class B common share — diluted, as reported	<u>\$ (0.04)</u>	<u>\$ 0.27</u>
Net earnings (loss) per Class A and Class B common share — diluted, pro forma	<u>\$ (0.08)</u>	<u>\$ 0.18</u>

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option pricing model. This valuation model requires the use of subjective assumptions, including expected option life and expected volatility. The Company uses historical data to estimate the option life and the employee forfeiture rate, and uses historical volatility when estimating the stock price volatility. There were no options granted during the 13 weeks ended October 28, 2006. The options granted during the 13 weeks ended October 29, 2005 and the 39 weeks ended October 28, 2006 and October 29, 2005 were 120, 1,630 and 2,222, respectively, with a weighted-average fair value estimated at \$14.36, \$16.84 and \$8.83, respectively, using the following assumptions:

	13 Weeks Ended		39 Weeks Ended	
	October 28, 2006	October 29, 2005	October 28, 2006	October 29, 2005
Volatility	—	54.4%	54.5%	57.3%
Risk-free interest rate	—	4.0%	4.6%	4.2%
Expected life (years)	—	6.0	3.0	6.0
Expected dividend yield	—	0%	0%	0%

The options to purchase Class A common stock are issued at fair market value on the date of the grant. Generally, the options vest and become exercisable ratably over a three-year period, commencing one year after the grant date, and expire ten years from issuance. The fair value of each option is recognized as compensation expense on a straight-line basis between the grant date and the date the options become fully vested. As of October 28, 2006, the unrecognized compensation expense related to the unvested portion of our stock options was \$25,982 which is expected to be recognized over a weighted average period of 1.1 years. The total intrinsic values of options exercised during the 13 weeks ended October 28, 2006 and October 29, 2005 were \$20,142 and \$6,485, respectively. The total intrinsic values of options exercised during the 39 weeks ended October 28, 2006 and October 29, 2005 were \$109,258 and \$17,912, respectively.

Balance, October 28, 2006	<u>9,810</u>	<u>\$ 17.34</u>

In September 2005, the Company granted 50 shares of restricted stock to non-employee members of its Board of Directors. The shares had a fair market value of \$35.88 per share on the grant date and vest in equal installments over two years. In September 2006, 25 shares of the restricted stock vested and were issued. In February 2006, the Company granted 257 shares of restricted stock to non-employee members of its Board of Directors and certain executive officers. The shares had a fair market value of \$41.37 per share on the grant date and vest in equal installments over three years. During the 13 and 39 week periods ended October 28, 2006, the Company included expense relating to the grant of these restricted shares in the amount of \$1,112 and \$3,208, respectively, in stock-based compensation expense in the accompanying condensed consolidated statements of operations. The unrecognized compensation expense for the unvested portion of the restricted shares at October 28, 2006 was \$8,889 which is expected to be recognized over a weighted average period of 2.2 years.

Changes in the Company's restricted stock awards outstanding for the 39 weeks ended October 28, 2006 were as follows:

**4. Computation of Net Earnings per Common Share**

The Company has two classes of common stock and computes earnings per share using the two-class method in accordance with Financial Accounting Standard No. 128 *Earnings per Share*. The holders of the Company's Class A and Class B common stock have identical rights to dividends or to distributions in the event of a liquidation, dissolution or winding up of the Company. Accordingly, the earnings per common share for the two classes of common stock are the same. A reconciliation of shares used in calculating basic and diluted net earnings per common share follows:

	13 Weeks Ended		39 Weeks Ended	
	October 28, 2006	October 29, 2005	October 28, 2006	October 29, 2005

**5. Debt**

In October 2005, in connection with the merger, the Company entered into a five-year, \$400,000 Credit Agreement (the "Revolver"), including a \$50,000 letter of credit sub-limit, secured by the assets of the Company. The Revolver places certain restrictions on the Company and the borrower subsidiaries, including limitations on asset sales, additional liens, and the incurrence of additional indebtedness.

The availability under the Revolver is limited to a borrowing base which allows the Company to borrow up to the lesser of (x) approximately 70% of eligible inventory and (y) 90% of the appraisal value of the inventory, in each case plus 85% of eligible credit card receivables, net of certain reserves. Letters of credit reduce the amount available to borrow by their face value. The Company's ability to pay cash dividends, redeem options, and repurchase shares is generally prohibited, except that if availability under the Revolver is or will be after any such payment equal to or greater than 25% of the borrowing base the Company may repurchase its capital stock, redeem options and pay cash dividends. In addition, in the event that credit extensions under the Revolver at any time exceed 80% of the lesser of the total commitment or the borrowing base, the Company will be subject to a fixed charge coverage ratio covenant of 1.5:1.0.

**GAMESTOP CORP.**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS — (Continued)**

The interest rate on the Revolver is variable and, at the Company's option, is calculated by applying a margin of (1) 0.0% to 0.25% above the higher of the prime rate of the administrative agent or the federal funds effective rate plus 0.50% or (2) 1.25% to 1.75% above the LIBO rate. The applicable margin is determined quarterly as a function of the Company's consolidated leverage ratio. As of October 28, 2006, the applicable margin was 0.00% for prime rate loans and 1.50% for LIBO rate loans. In addition, the Company is required to pay a commitment fee, currently 0.375%, for any unused portion of the total commitment under the Revolver.

As of October 28, 2006, there were no borrowings outstanding under the Revolver and letters of credit outstanding totaled \$3,764.

On September 28, 2005, the Company, along with GameStop, Inc. (which was then a direct wholly-owned subsidiary of Historical GameStop and is now, as a result of the merger, an indirect wholly-owned subsidiary of the Company) as co-issuer (together with the Company, the "Issuers"), completed the offering of U.S. \$300,000 aggregate principal amount of Senior Floating Rate Notes due 2011 (the "Senior Floating Rate Notes") and U.S. \$650,000 aggregate principal amount of 8% Senior Notes due 2012 (the "Senior Notes" and, together with the Senior Floating Rate Notes, the "Notes"). The offering of the Notes was conducted in a private transaction under Rule 144A under the United States Securities Act of 1933, as amended (the "Securities Act"), and in transactions outside the United States in reliance upon Regulation S under the Securities Act. The net proceeds of the offering were used to pay the cash portion of the merger consideration paid to the stockholders of EB in connection with the merger.

The Notes were issued under an indenture (the "Indenture"), dated September 28, 2005, by and among the Issuers, the subsidiary guarantors party thereto, and Citibank, N.A., as trustee (the "Trustee"). The Senior Floating Rate Notes were priced at 100%, bear interest at LIBOR plus 3.875% and mature on October 1, 2011. The rate of interest on the Senior Floating Rate Notes as of October 28, 2006 was 9.24663% per annum. The Senior Notes were priced at 98.688%, bear interest at 8.0% per annum and mature on October 1, 2012. The Issuers pay interest on the Senior Floating Rate Notes quarterly, in arrears, every January 1, April 1, July 1 and October 1, to holders of record on the immediately preceding December 15, March 15, June 15 and September 15, and at maturity. The Issuers pay interest on the Senior Notes semi-annually, in arrears, every April 1 and October 1, to holders of record on the immediately preceding March 15 and September 15, and at maturity.

The Indenture contains affirmative and negative covenants customary for such financings, including, among other things, limitations on (1) the incurrence of additional debt, (2) restricted payments, (3) liens, (4) sale and leaseback transactions and (5) asset sales. Events of default provided for in the Indenture include, among other things, failure to pay interest or principal on the Notes, other breaches of covenants in the Indenture, and certain events of bankruptcy and insolvency.

As of October 28, 2006, the Company was in compliance with all covenants associated with the Revolver and the Indenture.

In connection with the closing of the offering, the Issuers also entered into a registration rights agreement, dated September 28, 2005, by and among the Issuers, the subsidiary guarantors listed on Schedule I-A thereto, and Citigroup Global Markets Inc., for themselves and as representatives of the several initial purchasers listed on Schedule II thereto (the "Registration Rights Agreement"). The Registration Rights Agreement required the Issuers to, among other things, (1) file a registration statement with the SEC to be used in connection with the exchange of the Notes for publicly registered notes with substantially identical terms, (2) use their reasonable best efforts to cause the registration statement to be declared effective within 210 days from the date the Notes were issued, and (3) use their commercially reasonable efforts to consummate the exchange offer with respect to the Notes within 270 days from the date the Notes were issued. In April 2006, the Company filed a registration statement on Form S-4 in order to register new notes (the "New Notes") with substantially the same terms and conditions as the Notes in order to facilitate an exchange of the New Notes for the Notes. This registration statement on Form S-4 was declared

**GAMESTOP CORP.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS — (Continued)**

effective by the SEC on May 10, 2006 and the Company commenced an exchange offer to exchange the Notes for the New Notes. The exchange offer was completed during June 2006 with 100% participation.

The Senior Notes were priced at 98.688%, resulting in a discount at the time of issue of \$8,528. The discount is being amortized using the effective interest method. As of October 28, 2006, the unamortized original issue discount was \$7,076.

In May 2006, the Company announced that its Board of Directors has authorized the buyback of up to an aggregate of \$100,000 of its Senior Floating Rate Notes and Senior Notes. The timing and amount of the repurchases will be determined by the Company's management based on their evaluation of market conditions and other factors. In addition, the repurchases may be suspended or discontinued at any time. As of October 28, 2006, the Company has repurchased \$36,332 of its Senior Notes and \$30,000 of its Senior Floating Rate Notes and delivered the Notes to the Trustee for cancellation. The associated loss on retirement of debt is \$3,562.

In October 2004, Historical GameStop issued a promissory note in favor of Barnes & Noble, Inc. ("Barnes & Noble") in the principal amount of \$74,020 in connection with the repurchase of Historical GameStop's Class B common shares held by Barnes & Noble. Principal payments of \$37,500, \$12,173 and \$12,173 were made in January 2005, October 2005 and October 2006, respectively, as required by the promissory note, which also requires a final principal payment of \$12,173 due in October 2007. The note is unsecured and bears interest at 5.5% per annum, payable when principal installments are due.

On May 25, 2005, a subsidiary of EB closed on a 10-year, \$9,450 mortgage agreement collateralized by a new 315,000 square foot distribution facility located in Sadsbury Township, Pennsylvania. Interest is fixed at a rate of 5.4% per annum. On June 15, 2006, the outstanding principal balance under the mortgage of approximately \$9,200 was paid in full in conjunction with the sale of the distribution facility.

**6. Comprehensive income**

Comprehensive income is net earnings, plus certain other items that are recorded directly to stockholders' equity and consists of the following:

	13 Weeks Ended		39 Weeks Ended	
	October 28, 2006	October 29, 2005	October 28, 2006	October 29, 2005

Total comprehensive income (loss)	<u>\$ 14,629</u>	<u>\$ (2,317)</u>	<u>\$ 33,394</u>	<u>\$ 15,302</u>

**7. Income Taxes**

The tax provisions for the 13 weeks and 39 weeks ended October 28, 2006 and October 29, 2005 are based upon management's estimate of the Company's annualized effective tax rate.

**8. Certain Relationships and Related Transactions**

The Company operates departments within bookstores operated by Barnes & Noble, a stockholder of Historical GameStop until November 2004 and an affiliate through a common stockholder who is the chairman of the board of directors of Barnes & Noble and a member of the Company's board of directors. The Company pays a license fee to Barnes & Noble on the gross sales of such departments. Management deems the license fee to be reasonable and based upon terms equivalent to those that would prevail in an arm's length transaction. These

charges amounted to \$193 and \$171 for the 13 weeks ended October 28, 2006 and October 29, 2005, respectively, and \$591 and \$565 for the 39 weeks ended October 28, 2006 and October 29, 2005, respectively.

Until June 2005, Historical GameStop participated in Barnes & Noble's workers' compensation, property and general liability insurance programs. The costs incurred by Barnes & Noble under these programs were allocated to Historical GameStop based upon total payroll expense, property and equipment, and insurance claim history of Historical GameStop. Management deemed the allocation methodology to be reasonable. These charges amounted to \$277 and \$1,514 for the 13 and 39 weeks ended October 29, 2005, respectively. Although the Company has secured its own insurance coverage, costs have continued to be incurred by Barnes & Noble on insurance claims incurred under its programs prior to June 2005. The costs applicable to insurance claims against Historical GameStop and charged to the Company amounted to \$307 and \$697 for the 13 and 39 weeks ended October 28, 2006.

In October 2004, the Board of Directors authorized a repurchase of Historical GameStop's Class B common stock held by Barnes & Noble. Historical GameStop repurchased 6,107 shares of its Class B common stock at a price equal to \$18.26 per share for aggregate consideration before expenses of \$111,520. The repurchase price per share was determined by using a discount of 3.5% on the last reported trade of Historical GameStop's Class A common stock on the New York Stock Exchange prior to the time of the transaction. Historical GameStop paid \$37,500 in cash and issued a promissory note in the principal amount of \$74,020, the remaining balance of which is payable in a final installment in October 2007 and bears interest at 5.5% per annum, payable when principal installments are due. Scheduled principal payments of \$37,500, \$12,173 and \$12,173 were made on the promissory note in January 2005, October 2005 and October 2006 along with interest due through each installment date, respectively, as required by the promissory note. Interest expense on the promissory note for the 13 weeks ended October 28, 2006 and October 29, 2005 totaled \$286 and \$458, respectively. Interest expense on the promissory note for the 39 weeks ended October 28, 2006 and October 29, 2005 totaled \$963 and \$1,473, respectively.

In May 2005, we entered into an arrangement with Barnes & Noble under which [www.gamestop.com](http://www.gamestop.com) is the exclusive specialty video game retailer listed on [bn.com](http://bn.com), Barnes & Noble's e-commerce site. Under the terms of this agreement, the Company pays a fee to Barnes & Noble for sales of video game or PC entertainment products sold through [bn.com](http://bn.com). The fee to Barnes & Noble was \$34 and \$32 for the 13 weeks ended October 28, 2006 and October 29, 2005, respectively, and \$129 and \$68 for the 39 weeks ended October 28, 2006 and October 29, 2005, respectively.

On November 2, 2002, EB sold its BC Sports Collectibles business to Sports Collectibles Acquisition Corporation ("SCAC") for \$2,200 in cash and the assumption of lease related liabilities in excess of \$13,000. The purchaser, SCAC, is owned by the family of James J. Kim, Chairman of EB at the time and currently one of the Company's directors. The transaction was negotiated and approved by a committee of EB's Board of Directors comprised solely of independent directors with the assistance of an investment banking firm engaged to solicit offers for the BC Sports Collectibles business. Each of the BC store leases has been assigned to SCAC. As EB remains contingently liable for these leases, Mr. Kim has agreed to indemnify EB against any liabilities associated with these leases.

**9. Legal Proceedings**

On October 19, 2004, Milton Diaz filed a complaint against a subsidiary of EB in the U.S. District Court for the Western District of New York. Mr. Diaz claims to represent a group of current and former employees to whom Electronics Boutique of America Inc. ("EBOA") allegedly failed to pay minimum wages and overtime compensation in violation of the Fair Labor Standards Act ("FLSA") and New York law. The plaintiff, joined by another former employee, moved to conditionally certify a group of similarly situated individuals under the FLSA and in March 2005, there was a hearing on this motion. In March 2005, plaintiffs filed a motion on behalf of current and former store managers and assistant store managers in New York to certify a class under New York wage and hour laws. In August 2005, EBOA filed a motion for summary judgment as to certain claims and renewed its request that

**GAMESTOP CORP.**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS — (Continued)**

certification of the claims be denied. On October 17, 2005, the District Court issued an Order denying plaintiffs' request for conditional certification under the FLSA and for class certification of plaintiffs' New York claims. Plaintiffs have requested permission from the Second Circuit Court of Appeals to appeal the District Court's Order denying class certification of their New York claims. EBOA's summary judgment motion was scheduled to be heard in December 2005. Before the hearing on the summary judgment motion, the parties agreed to attempt to resolve the matter without further litigation. Both the District Court and the Second Circuit have stayed their proceedings pending the parties' settlement negotiations. We do not believe there is sufficient information to estimate the amount of the possible loss, if any, resulting from this matter.

On February 14, 2005, and as amended, Steve Strickland, as personal representative of the Estate of Arnold Strickland, deceased, Henry Mealer, as personal representative of the Estate of Ace Mealer, deceased, and Willie Crump, as personal representative of the Estate of James Crump, deceased, filed a wrongful death lawsuit against GameStop, Sony, Take-Two Interactive, Rock Star Games and Wal-Mart (collectively, the "Defendants") and Devin Moore in the Circuit Court of Fayette County, Alabama, alleging that Defendants' actions in designing, manufacturing, marketing and supplying Defendant Moore with violent video games were negligent and contributed to Defendant Moore killing Arnold Strickland, Ace Mealer and James Crump. Plaintiffs are seeking damages of \$600,000 under the Alabama wrongful death statute and punitive damages. GameStop and the other defendants intend to vigorously defend this action. The Defendants filed a motion to dismiss the case on various grounds, which was heard in November 2005 and was denied. The Defendants appealed the denial of the motion to dismiss and on March 24, 2006, the Alabama Supreme Court denied the Defendants' application. Discovery is proceeding. Mr. Moore was found guilty of capital murder in a criminal trial in Alabama and was sentenced to death in August 2005. We do not believe there is sufficient information to estimate the amount of the possible loss, if any, resulting from the lawsuit.

On April 18, 2006, former and current store managers Charles Kohler, James O. Little, III, Jason Clayton, Nick Quintois, Kirk Overby and Amy Johnson (collectively the "plaintiffs") filed a complaint against the Company in the U.S. District Court for the Eastern District of Louisiana, alleging that GameStop's salaried retail managers were misclassified as exempt in violation of the FLSA and should have been paid overtime. The plaintiffs sought to represent all current and former salaried retail managers who were employed by GameStop (as well as a subsidiary of EB) for the three years before April 18, 2006. The Company filed a motion to dismiss, transfer or stay the case based on the pendency of a prior action. After the parties fully briefed the motion but were still awaiting the court's decision, they negotiated a settlement of the plaintiffs' individual claims. In November 2006, the court approved the settlement and the case has been dismissed. The settlement will not have a material impact on the Company's financial position and results of operations.

In the ordinary course of our business, the Company is, from time to time, subject to various other legal proceedings. Management does not believe that any such other legal proceedings, individually or in the aggregate, will have a material adverse effect on the Company's operations or financial condition.

Prior to the merger, the Company's international operations only included Ireland and the United Kingdom which were not material.

**ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

*The following discussion should be read in conjunction with the information contained in our consolidated financial statements, including the notes thereto. Statements regarding future economic performance, management's plans and objectives, and any statements concerning assumptions related to the foregoing contained in Management's Discussion and Analysis of Financial Condition and Results of Operations constitute forward-looking statements. Certain factors, which may cause actual results to vary materially from these forward-looking statements, accompany such statements or appear in the Company's Annual Report on Form 10-K for the fiscal year ended January 28, 2006 filed with the Securities and Exchange Commission (the "SEC") on April 3, 2006 (the "Form 10-K"), including the factors disclosed under "Item 1A. Risk Factors" and the Company's Registration Statement on Form S-4 filed with the SEC on April 26, 2006 ("Form S-4") including the factors disclosed under "Risk Factors."*

**General**

GameStop Corp. (the "Company") is the world's largest retailer of video game products and PC entertainment software. We sell new and used video game hardware, video game software and accessories, as well as PC entertainment software and related accessories and other merchandise. As of October 28, 2006, we operated 4,633 stores, in the United States, Australia, Canada and Europe, primarily under the names GameStop and EB Games. We also operate electronic commerce web sites under the names gamestop.com and EBgames.com and publish *Game Informer*, the largest circulation multi-platform video game magazine in the United States.

Growth in the video game industry is driven by the introduction of new technology. In October 2000, Sony introduced PlayStation 2. Microsoft introduced Xbox and Nintendo introduced GameCube in November 2001. Nintendo introduced the Nintendo DS in November 2004. Sony introduced PlayStation Portable ("Sony PSP") in March 2005. Microsoft introduced Xbox 360 in November 2005. Nintendo introduced the DS Lite handheld system in June 2006. As is typical following the introduction of new video game platforms, sales of new video game hardware generally increase as a percentage of sales in the first full year following introduction. As video game platforms mature, the sales mix attributable to complementary video game software and accessories, which generate higher gross margins, generally increases in the second and third years. The net effect is generally a decline in gross margins in the first full year following new platform releases and an increase in gross margins in the second and third years. Unit sales of maturing video game platforms are typically also driven by manufacturer-funded retail price decreases, further driving sales of related software and accessories. We expect that the installed base of these hardware platforms and sales of related software and accessories will increase in the future. The Company expects gross profit as a percentage of sales in the fourth quarter of fiscal 2006 to be impacted by the North American launches of the Sony PlayStation 3 and Nintendo Wii hardware platforms.

On October 8, 2005, GameStop Holdings Corp. ("Historical GameStop"), formerly known as GameStop Corp., and Electronics Boutique Holdings Corp. ("EB" or "Electronics Boutique") completed their previously announced merger pursuant to the Agreement and Plan of Merger, dated as of April 17, 2005 (the "Merger Agreement"). Upon the consummation of the merger, Historical GameStop and EB became wholly-owned subsidiaries of the Company, a Delaware corporation formed for the purpose of consummating the business combination (the "merger"). The merger of Historical GameStop and EB has been treated as a purchase business combination for accounting purposes, with Historical GameStop designated as the acquirer. Therefore, the historical financial statements of Historical GameStop became the historical financial statements of the Company, the registrant. As a result of the merger, the Company's operating results for the 13 weeks and 39 weeks ended October 28, 2006 include the consolidated results of EB and Historical GameStop. For the 13 weeks and 39 weeks ended October 29, 2005, the Company's operating results include 13 and 39 weeks, respectively, of Historical GameStop's results and 3 weeks of EB's results. Management expects sales, sales mix, cost of sales, gross profit, selling general and administrative expenses, depreciation and amortization, interest expense and income tax expense in fiscal 2006 to be significantly impacted by including the operations of EB.

**Critical Accounting Policies**

Our consolidated financial statements have been prepared in accordance with generally accepted accounting principles. Preparation of these statements requires management to make judgments and estimates. Some accounting policies have a significant impact on amounts reported in these financial statements. A summary of significant accounting policies and a description of accounting policies that are considered critical may be found in our Form 10-K in Note 1 of "Notes to the Consolidated Financial Statements."

*Merger-Related Costs.* In connection with the merger, the Company incurred merger-related costs and integration activities which have resulted in involuntary employment terminations, lease terminations, disposals of property and equipment and other costs and expenses. The liability for involuntary termination benefits covered severance amounts, payroll taxes and benefit costs for approximately 680 employees, primarily in general and administrative functions in EB's Pennsylvania corporate office and distribution center and Nevada call center which have been closed. Termination of these employees began in October 2005 and was substantially completed in July 2006. The Pennsylvania corporate office and distribution center were owned facilities that were sold in June 2006. These assets were classified in the January 28, 2006 balance sheet as "assets held for sale."

The liability for lease terminations is associated with stores to be closed. If the Company is unsuccessful in negotiating lease terminations or sublease agreements, the lease liability will be paid over the remaining lease terms, the majority of which expire in the next 3 to 5 years with the last of such leases expiring in 2015. The Company intends to close these stores in the next 12 to 15 months. The disposals of property and equipment are related to assets which were either impaired or have been either abandoned or disposed of due to the merger. Certain costs associated with the disposition of these assets remained as accrued until the assets were disposed of and the costs were paid. The disposition of property and equipment is now complete.

Merger-related costs include professional fees, financing costs and other costs associated with the merger and included certain costs associated with integrating the operations of Historical GameStop and EB, including relocation costs. The Company has finalized integration plans and related liabilities and management anticipates completion of all operational integration activities in fiscal 2006. Distribution and information system integration is complete. Rebranding of EB stores to the GameStop name is expected to be completed in the next 18 to 30 months. Note 2 of "Notes to Condensed Consolidated Financial Statements" provides additional information on the merger costs and related liabilities.

**Results of Operations**

The following table sets forth certain statement of operations items as a percentage of sales for the periods indicated:

The Company includes purchasing, receiving and distribution costs in selling, general and administrative expenses, rather than cost of goods sold, in the statement of operations. For the 13 weeks ended October 28, 2006 and October 29, 2005, these purchasing, receiving and distribution costs amounted to \$5.1 million and \$4.7 million, respectively. For the 39 weeks ended October 28, 2006 and October 29, 2005, these purchasing, receiving and distribution costs amounted to \$15.7 million and \$9.1 million, respectively. The Company includes processing fees associated with purchases made by check and credit cards in cost of sales, rather than selling, general and administrative expenses, in the statement of operations. For the 13 weeks ended October 28, 2006 and October 29, 2005, these processing fees amounted to \$7.3 million and \$3.7 million, respectively. For the 39 weeks ended October 28, 2006 and October 29, 2005, these processing fees amounted to \$20.8 million and \$9.4 million, respectively. As a result of these classifications, our gross margins are not comparable to those retailers that include purchasing, receiving and distribution costs in cost of sales and include processing fees associated with purchases made by check and credit cards in selling, general and administrative expenses. The net effect of the Company's classifications is that its cost of sales as a percentage of sales is higher than, and its selling, general and administrative expenses as a percentage of sales are lower than, they would have been had the Company's treatment conformed with those retailers that include purchasing, receiving and distribution costs in cost of sales and include processing fees associated with purchases made by check and credit cards in selling, general and administrative expenses, by 0.2% and 0.2% for the 13 and 39 weeks ended October 28, 2006, respectively. For the 13 weeks ended October 29, 2005, the net effect of the Company's classifications is that its cost of sales as a percentage of sales is lower than, and its selling, general and administrative expenses as a percentage of sales are higher than, they would have been had the Company's treatment conformed with those retailers that include purchasing, receiving and distribution costs in cost of sales and include processing fees associated with purchases made by check and credit cards in selling, general and administrative expenses, by 0.2%. The effect of these classifications on the 39 week period ended October 29, 2005 was not material.

**Segment Information**

The Company operates its business in the following segments: United States, Australia, Canada and Europe. Segment results for the United States include retail operations in 50 states, the District of Columbia, Puerto Rico and Guam, electronic commerce web sites under the names gamestop.com and EBgames.com and *Game Informer* magazine. Segment results for Canada include retail operations in Canada and segment results for Australia include retail operations in Australia and New Zealand. Segment results for Europe include retail operations in 11 European countries. Prior to the merger, Historical GameStop had operations in Ireland and the United Kingdom which were not material.

The Canada and Australia segments have a longer history of operations than the Europe segment and their older store base generates more operating earnings than Europe. As stores in Europe mature, the Company expects operating profit to increase. The segment results for the 13 and 39 weeks ended October 29, 2005 only include operations from Canada, Australia and most of Europe from October 8, 2005 through October 29, 2005 due to the merger. Prior to the merger, the Company's international operations only included Ireland and the United Kingdom. As a result, management does not believe that a comparison of the international segment results for the 13 and 39 weeks ended October 28, 2006 would be meaningful.

**13 weeks ended October 28, 2006 compared with the 13 weeks ended October 29, 2005**

Sales increased by \$477.4 million, or 89.4%, from \$534.2 million in the 13 weeks ended October 29, 2005 to \$1,011.6 million in the 13 weeks ended October 28, 2006. The increase in sales was attributable to approximately \$395.1 million due to 13 weeks of EB stores' sales in the 13 weeks ended October 28, 2006 compared to only 3 weeks in the 13 weeks ended October 29, 2005, non-comparable store sales of approximately \$44.9 million from the 443 stores opened since July 30, 2005 with the remaining increase due primarily to an increase in comparable store sales. On a pro forma basis, comparable store sales increased 8.8% for the third quarter of fiscal 2006. The increase in pro forma comparable store sales was driven by strong new video game hardware and related software sales fueled by the new Nintendo DS Lite handheld system and the availability of Microsoft's Xbox 360 console and software. Stores are included in our comparable store sales base beginning in the thirteenth month of operation. Pro forma comparable store sales include the comparable store sales of Historical GameStop stores and EB stores.

New video game hardware sales increased \$102.1 million, or 211.0%, from the 13 weeks ended October 29, 2005 to the 13 weeks ended October 28, 2006, primarily due to the merger and the launches of the Nintendo DS Lite handheld system and the Microsoft Xbox 360. New video game software sales for the quarter also increased \$185.6, or 85.8% primarily due to the merger, the increase in store count and strong new title releases. Used video game product sales grew due to the merger and an increase in store count, with an increase in sales of \$125.2 million, or 73.6%, from the 13 weeks ended October 29, 2005 to the 13 weeks ended October 28, 2006. Sales of other product categories grew 64.9%, or \$64.5 million, from the 13 weeks ended October 29, 2005 to the 13 weeks ended October 28, 2006, due to the merger and the increase in store count.

Cost of sales increased by \$338.4 million, or 94.7%, from \$357.5 million in the 13 weeks ended October 29, 2005 to \$695.9 million in the 13 weeks ended October 28, 2006 as a result of the merger, new store openings and the changes in gross profit discussed below.

Gross profit increased by \$139.0 million, or 78.7%, from \$176.7 million in the 13 weeks ended October 29, 2005 to \$315.7 million in the 13 weeks ended October 28, 2006. Gross profit as a percentage of sales decreased from 33.1% from the 13 weeks ended October 29, 2005 to 31.2% in the 13 weeks ended October 28, 2006 due to a shift in sales mix to lower margin new video game hardware from the other product categories which have higher margins. This shift in sales mix was caused by the launch of the Microsoft Xbox 360 and the Nintendo DS Lite. The gross profit percentage decrease was also impacted by a reduction in the level of vendor allowances as a percentage of sales due to the abnormally high level of vendor allowances obtained by Historical GameStop in the 13 weeks ended October 29, 2005 as vendors began to shift the allowances from EB to Historical GameStop in anticipation of the merger. The impact of the shift in sales mix and the decrease in vendor allowances was offset by efforts to improve margins and minimize freight costs. Gross profit as a percentage of sales on new video game software decreased from 24.9% in the prior year quarter to 23.4% of sales this quarter due to the decrease in vendor allowances as a percentage of sales as described above. Gross profit as a percentage of sales on other products decreased from 40.7% in the prior year quarter to 37.4% of sales this quarter due also to the decrease in vendor allowances as a percentage of sales as described above. Gross profit as a percentage of sales on new video game hardware increased slightly from 10.7% in the prior year quarter to 11.0% of sales this quarter as efforts to improve margins and minimize freight costs offset the impact of the decrease in vendor allowances. Gross profit as a percentage of sales on used video game products increased from 45.4% in the 13 weeks ended October 29, 2005 to 48.7% in the 13 weeks ended October 28, 2006 due to increased efforts to monitor margin rates and the application of GameStop's merchandising algorithms to EB's used video game category.

Selling, general and administrative expenses increased by \$99.3 million, or 73.0%, from \$136.1 million in the 13 weeks ended October 29, 2005 to \$235.4 million in the 13 weeks ended October 28, 2006. This increase was primarily attributable to the merger, the increase in the number of stores in operation, and the related increases in store, distribution and corporate office operating expenses. Selling, general and administrative expenses as a percentage of sales decreased from 25.5% in the 13 weeks ended October 29, 2005 to 23.3% in the 13 weeks ended October 28, 2006. The decrease in selling, general and administrative expenses as a percentage of sales was primarily due to synergies obtained from the merger, including the shut-down of EB's corporate headquarters and distribution center.

Depreciation and amortization expense increased from \$19.2 million for the 13 weeks ended October 29, 2005 to \$27.3 million in the 13 weeks ended October 28, 2006. This increase of \$8.1 million was primarily due to the merger, capital expenditures for new stores and the Company's new corporate headquarters and distribution facility.

Beginning January 29, 2006, the Company adopted the provisions of Statement of Financial Accounting Standards No. 123 (Revised 2004), *Share-Based Payment*, ("SFAS 123(R)") using the modified prospective application method. Under this method, the Company records stock-based compensation expense based on the estimated grant-date fair value previously presented in the pro forma footnote disclosures for all options granted prior to, but not vested as of, the adoption date. In addition, the Company records compensation expense for the share-based awards granted after the adoption date in accordance with SFAS 123(R). As a result of the adoption, the Company recognized \$5.2 million in stock-based compensation expense for the 13 weeks ended October 28, 2006. In accordance with SFAS 123(R), prior periods have not been restated. As of October 28, 2006, the unrecognized compensation expense related to the unvested portion of our stock-based awards was \$34.9 million which is expected to be recognized over a weighted average period of 1.1 years. The Company expects to incur stock-based compensation expense of \$5.2 million in the remainder of fiscal 2006.

The Company's results of operations for the 13 weeks ended October 29, 2005 include expenses believed to be of a one-time or short-term nature associated with the merger, which included \$11.3 million considered in operating earnings and \$7.5 million included in interest expenses. The \$11.3 million included \$9.6 million in one-time charges associated with assets of the Company considered to be impaired as a result of the merger and \$1.1 million in costs associated with integrating the operations of Historical GameStop and EB. Costs related to the merger included in interest expense include a fee of \$7.1 million for an unused bridge financing facility which the Company obtained as financing insurance in connection with the merger. The Company's results of operations for the 13 weeks ended October 28, 2006 include expenses believed to be of a one-time or short-term nature associated with the merger, which include \$2.9 million considered in operating earnings for costs associated with integrating the

operations of Historical GameStop and EB. The Company does not anticipate incurring any additional merger-related expenses in the remainder of fiscal 2006.

Interest income resulting from the investment of excess cash balances decreased from \$2.8 million in the 13 weeks ended October 29, 2005 to \$1.7 million in the 13 weeks ended October 28, 2006 primarily due to the previous year investment of approximately \$940 million of debt proceeds for a short period prior to the merger close and the current year use of excess cash to repurchase debt. Interest expense increased from \$9.3 million in the 13 weeks ended October 29, 2005 to \$21.3 million in the 13 weeks ended October 28, 2006 primarily due to both the Senior Notes and Senior Floating Rate Notes having been outstanding for only 4 weeks during the comparable 13-week period last year and higher interest rates in effect in the 13 weeks ended October 28, 2006 for the Senior Floating Rate Notes. Debt extinguishment expense of \$3.4 million was incurred in the 13 weeks ended October 28, 2006 for the loss associated with the repurchase of \$29.4 million of Senior Notes and \$30.0 million of Senior Floating Rate Notes.

Tax expense (benefit) for the 13 weeks ended October 29, 2005 and the 13 weeks ended October 28, 2006 was based upon management's estimate of the Company's annualized effective tax rate. Income taxes increased from a \$1.4 million tax benefit for the 13 weeks ended October 29, 2005 to \$8.4 million in tax expense in the 13 weeks ended October 28, 2006.

The factors described above led to an increase in operating earnings of \$34.8 million, or 344.6%, from \$10.1 million in the 13 weeks ended October 29, 2005 to \$44.9 million in the 13 weeks ended October 28, 2006, and an increase in net earnings of \$16.1 million from a net loss of \$2.5 million in the 13 weeks ended October 29, 2005 to net earnings of \$13.6 million in the 13 weeks ended October 28, 2006.

***39 weeks ended October 28, 2006 compared with the 39 weeks ended October 29, 2005***

Sales increased by \$1,590.0 million, or 111.6%, from \$1,424.9 million in the 39 weeks ended October 29, 2005 to \$3,014.9 million in the 39 weeks ended October 28, 2006. The increase in sales was attributable to approximately \$1,408.4 million due to 39 weeks of sales in EB stores in the 39 weeks ended October 28, 2006 compared to only 3 weeks of sales in the 39 weeks ended October 29, 2005, non-comparable store sales of approximately \$140.5 million from the 614 stores opened since January 29, 2005 with the remaining increase due primarily to an increase in comparable store sales. The comparable store sales increase was 2.9% on a pro forma basis for the first three quarters of fiscal 2006 compared to fiscal 2005.

New video game hardware sales increased \$294.6 million, or 169.2%, from the 39 weeks ended October 29, 2005 to the 39 weeks ended October 28, 2006, primarily due to the merger and the launches of the Microsoft Xbox 360 and the Nintendo DS Lite. New video game software sales also increased \$599.4 million, or 111.1%, from the 39 weeks ended October 29, 2005 to the 39 weeks ended October 28, 2006, primarily due to the merger and to a strong lineup of new video game titles. Used video game product sales grew due to the merger and the increase in store count with an increase in sales of \$420.1 million, or 91.4%, from the 39 weeks ended October 29, 2005 to the 39 weeks ended October 28, 2006. Sales of other product categories grew 109.5%, or \$275.9 million, from the 39 weeks ended October 29, 2005 to the 39 weeks ended October 28, 2006, primarily due to the merger and new store openings.

Cost of sales increased by \$1,104.0 million, or 111.1%, from \$994.0 million in the 39 weeks ended October 29, 2005 to \$2,098.0 million in the 39 weeks ended October 28, 2006 primarily as a result of the merger and changes in gross profit discussed below.

Gross profit increased by \$486.1 million, or 112.8%, from \$430.9 million in the 39 weeks ended October 29, 2005 to \$917.0 million in the 39 weeks ended October 28, 2006. Gross profit as a percentage of sales increased from 30.2% in the 39 weeks ended October 29, 2005 to 30.4% in the 39 weeks ended October 28, 2006. The gross profit percentage increase was caused by efforts to improve margins and minimize freight costs which were partially offset by a decrease in vendor allowances as a percentage of sales, as described in the comparison of the 13-week periods. Gross profit as a percentage of sales on new video game hardware and new video game software increased from 5.7% and 21.6%, respectively, in the 39 weeks ended October 29, 2005 to 9.3% and 21.8% of sales, respectively, for the 39 weeks ended October 28, 2006 due to the factors described above. Gross profit as a

percentage of sales on used video game products increased from 46.0% in the 39 weeks ended October 30, 2005 to 49.9% in the 39 weeks ended October 28, 2006 due to increased efforts to monitor margin rates and the application of GameStop's merchandising algorithms to EB's used video game category. Gross profit as a percentage of sales on other products decreased from 37.0% of sales to 35.2% of sales due to the decrease in vendor allowances as a percentage of sales.

Selling, general and administrative expenses increased by \$366.7 million, or 108.0%, from \$339.4 million in the 39 weeks ended October 29, 2005 to \$706.1 million in the 39 weeks ended October 28, 2006. This increase was primarily attributable to the merger, the increase in the number of stores in operation, and the related increases in store, distribution and corporate office operating expenses. Selling, general and administrative expenses as a percentage of sales decreased from 23.8% in the 39 weeks ended October 29, 2005 to 23.4% in the 39 weeks ended October 28, 2006. The decrease in selling, general and administrative expenses as a percentage of sales was primarily due to synergies obtained from the merger, including the shut-down of EB's corporate headquarters and distribution center.

Depreciation and amortization expense increased from \$40.1 million for the 39 weeks ended October 29, 2005 to \$79.5 million in the 39 weeks ended October 28, 2006. This increase of \$39.4 million was primarily due to the merger, capital expenditures for new stores and the Company's new corporate headquarters and distribution facility.

Beginning January 29, 2006, the Company adopted the provisions of SFAS 123(R) using the modified prospective application method. Under this method, the Company records stock-based compensation expense based on the estimated grant-date fair value previously presented in the pro forma footnote disclosures for all options granted prior to, but not vested as of, the adoption date. In addition, the Company records compensation expense for the share-based awards granted after the adoption date in accordance with SFAS 123(R). As a result of the adoption, the Company recognized \$15.7 million in stock-based compensation expense for the 39 weeks ended October 28, 2006. In accordance with SFAS 123(R), prior periods have not been restated.

The Company's results of operations for the 39 weeks ended October 29, 2005 include expenses believed to be of a one-time or short-term nature associated with the merger, which included \$11.3 million considered in operating earnings and \$7.5 million included in interest expenses. The \$11.3 million included \$9.6 million in one-time charges associated with assets of the Company considered to be impaired as a result of the merger and \$1.1 million in costs associated with integrating the operations of Historical GameStop and EB. Costs related to the merger included in interest expense include a fee of \$7.1 million for an unused bridge financing facility which the Company obtained as financing insurance in connection with the merger. The Company's results of operations for the 39 weeks ended October 28, 2006 include expenses believed to be of a one-time or short-term nature associated with the merger, which included \$6.8 million considered in operating earnings which consisted primarily of costs associated with integrating the operations of Historical GameStop and EB. The Company does not anticipate incurring any additional merger-related expenses in the remainder of fiscal 2006.

Interest income resulting from the investment of excess cash balances increased from \$3.9 million in the 39 weeks ended October 29, 2005 to \$5.4 million in the 39 weeks ended October 28, 2006 due to interest income earned on invested assets. Interest expense increased from \$10.6 million in the 39 weeks ended October 29, 2005 to \$64.6 million in the 39 weeks ended October 28, 2006 primarily due to the interest incurred on the \$650 million Senior Notes and the \$300 million Senior Floating Rate Notes. Debt extinguishment expense of \$3.6 million was incurred in the 39 weeks ended October 28, 2006 for the loss associated with the Company's repurchase of \$36.3 million of its Senior Notes and \$30.0 of its Senior Floating Rate Notes.

Tax expense for the 39 weeks ended October 29, 2005 and the 39 weeks ended October 28, 2006 was based upon management's estimate of the Company's annualized effective tax rate. Income tax expense increased from \$10.2 million for the 39 weeks ended October 29, 2005 to \$17.6 million in the 39 weeks ended October 28, 2006.

The factors described above led to an increase in operating earnings of \$68.7 million, or 171.3%, from \$40.1 million in the 39 weeks ended October 29, 2005 to \$108.8 million in the 39 weeks ended October 28, 2006, and an increase in net earnings of \$12.6 million, or 79.7%, from \$15.8 million in the 39 weeks ended October 29, 2005 to \$28.4 million in the 39 weeks ended October 28, 2006.

### Seasonality

The Company's business, like that of many retailers, is seasonal, with the major portion of the sales and operating profit realized during the quarter which includes the holiday selling season.

### Liquidity and Capital Resources

During the 39 weeks ended October 28, 2006, cash used in operations was \$138.3 million, compared to cash used in operations of \$67.3 million during the 39 weeks ended October 29, 2005. In the 39 weeks ended October 28, 2006, cash used in operations was primarily due to an increase in merchandise inventories of \$241.8 million; \$40.4 million due to the tax benefit realized from the exercise of stock options by employees; an increase in prepaid expenses and other current assets of \$17.0 million due to the timing of rent payments at the end of the quarter versus the end of the previous fiscal year, which were partially offset by an increase in accounts payable and accrued liabilities of \$37.1 million; net income of \$28.4 million; depreciation and amortization of \$79.7 million and stock-based compensation expense of \$15.7 million. The increase in merchandise inventories and accounts payable and accrued liabilities during the 39 weeks ended October 28, 2006 was primarily due to the increase in the number of stores in operation and purchases made in anticipation of fourth quarter seasonal activity.

In the 39 weeks ended October 29, 2005, cash used in operations was primarily due to an increase in merchandise inventories of \$209.9 million and an increase in prepaid taxes of \$11.1 million, which were offset by an increase in accounts payable and accrued liabilities of \$97.8 million, net income of \$15.8 million and depreciation and amortization of \$40.3 million. The increase in merchandise inventories and accounts payable and accrued liabilities during the 39 weeks ended October 29, 2005 was due to the merger, an increase in Historical GameStop stores in operation and typical purchases made in anticipation of fourth quarter seasonal activity.

Cash used in investing activities was \$65.1 million and \$957.5 million during the 39 weeks ended October 28, 2006 and October 29, 2005, respectively. During the 39 weeks ended October 28, 2006, \$84.4 million of capital expenditures were primarily used to invest in information and distribution systems in support of the integration of the operations of EB and Historical GameStop, to open new stores in the United States and for international expansion. These investing activities were offset by \$19.3 million of cash provided by the sale of the Pennsylvania corporate office and distribution center which were acquired in the merger. During the 39 weeks ended October 29, 2005, \$886.1 million was used to acquire EB, approximately \$9.9 million was used to equip and improve our corporate headquarters and distribution facility in Grapevine, Texas and the remaining \$61.5 million was used to open new stores, remodel existing stores and invest in information systems.

Cash used in financing activities was \$17.4 million during the 39 weeks ended October 28, 2006. Cash flows provided by financing activities were \$935.0 million during the 39 weeks ended October 29, 2005. The cash used in financing activities for the 39 weeks ended October 28, 2006 was primarily due to the repurchase of \$36.3 million and \$30.0 million of principal value of the Company's Senior Notes and Senior Floating Rate Notes, respectively and the repayment of long-term debt, including the payoff of the \$9.2 million mortgage associated with the Pennsylvania distribution center sold in June 2006 and the \$12.2 million principal payment in October 2006 on the Barnes & Noble, Inc. ("Barnes & Noble") promissory note. These decreases in cash flows were offset by \$29.4 million received for the issuance of shares relating to employee stock option exercises and \$40.4 million for the realization of tax benefits relating to the stock option exercises and the issuance of restricted shares. The increase in cash flows for the 39 weeks ended October 29, 2005 was primarily due to the issuance of the Senior Notes and the Senior Floating Rate Notes in connection with the merger.

Our future capital requirements will depend on the number of new stores we open and the timing of those openings within a given fiscal year. We opened 263 stores in the 39 weeks ended October 29, 2005 compared to 237 stores in the 39 weeks ended October 28, 2006 and expect to open approximately 160 stores for the remainder of fiscal 2006. Projected capital expenditures for fiscal 2006 are approximately \$110.0 million, to be used primarily to fund new store openings and invest in distribution and information systems in support of the integration of the operations of EB and Historical GameStop.

In October 2005, in connection with the merger, the Company entered into a five-year, \$400 million Credit Agreement (the "Revolver"), including a \$50 million letter of credit sub-limit, secured by the assets of the

Company. The Revolver places certain restrictions on the Company and the borrower subsidiaries, including limitations on asset sales, additional liens, and the incurrence of additional indebtedness.

The availability under the Revolver is limited to a borrowing base which allows the Company to borrow up to the lesser of (x) approximately 70% of eligible inventory and (y) 90% of the appraisal value of the inventory, in each case plus 85% of eligible credit card receivables, net of certain reserves. Letters of credit reduce the amount available to borrow by their face value. The Company's ability to pay cash dividends, redeem options, and repurchase shares is generally prohibited, except that if availability under the Revolver is or will be after any such payment equal to or greater than 25% of the borrowing base the Company may repurchase its capital stock, redeem options and pay cash dividends. In addition, in the event that credit extensions under the Revolver at any time exceed 80% of the lesser of the total commitment or the borrowing base, the Company will be subject to a fixed charge coverage ratio covenant of 1.5:1.0.

The interest rate on the Revolver is variable and, at the Company's option, is calculated by applying a margin of (1) 0.0% to 0.25% above the higher of the prime rate of the administrative agent or the federal funds effective rate plus 0.50% or (2) 1.25% to 1.75% above the LIBO rate. The applicable margin is determined quarterly as a function of the Company's consolidated leverage ratio. As of October 28, 2006, the applicable margin was 0.00% for prime rate loans and 1.50% for LIBO rate loans. In addition, the Company is required to pay a commitment fee, currently 0.375%, for any unused portion of the total commitment under the Revolver.

As of October 28, 2006, there were no borrowings outstanding under the Revolver and letters of credit outstanding totaled \$3.8 million.

On September 28, 2005, the Company, along with GameStop, Inc. (which was then a direct wholly-owned subsidiary of Historical GameStop and is now, as a result of the merger, an indirect wholly-owned subsidiary of the Company) as co-issuer (together with the Company, the "Issuers"), completed the offering of U.S. \$300 million aggregate principal amount of Senior Floating Rate Notes due 2011 (the "Senior Floating Rate Notes") and U.S. \$650 million aggregate principal amount of 8% Senior Notes due 2012 (the "Senior Notes" and, together with the Senior Floating Rate Notes, the "Notes"). The offering of the Notes was conducted in a private transaction under Rule 144A under the United States Securities Act of 1933, as amended (the "Securities Act"), and in transactions outside the United States in reliance upon Regulation S under the Securities Act. The net proceeds of the offering were used to pay the cash portion of the merger consideration paid to the stockholders of EB in connection with the merger.

The Notes were issued under an indenture (the "Indenture"), dated September 28, 2005, by and among the Issuers, the subsidiary guarantors party thereto, and Citibank, N.A., as trustee (the "Trustee"). The Senior Floating Rate Notes were priced at 100%, bear interest at LIBOR plus 3.875% and mature on October 1, 2011. The rate of interest on the Senior Floating Rate Notes as of October 28, 2006 was 9.24663% per annum. The Senior Notes were priced at 98.688%, bear interest at 8.0% per annum and mature on October 1, 2012. The Issuers pay interest on the Senior Floating Rate Notes quarterly, in arrears, every January 1, April 1, July 1 and October 1, to holders of record on the immediately preceding December 15, March 15, June 15 and September 15, and at maturity. The Issuers pay interest on the Senior Notes semi-annually, in arrears, every April 1 and October 1, to holders of record on the immediately preceding March 15 and September 15, and at maturity.

The Indenture contains affirmative and negative covenants customary for such financings, including, among other things, limitations on (1) the incurrence of additional debt, (2) restricted payments, (3) liens, (4) sale and leaseback transactions and (5) asset sales. Events of default provided for in the Indenture include, among other things, failure to pay interest or principal on the Notes, other breaches of covenants in the Indenture, and certain events of bankruptcy and insolvency.

As of October 28, 2006, the Company was in compliance with all covenants associated with the Revolver and the Indenture.

In connection with the closing of the offering, the Issuers also entered into a registration rights agreement, dated September 28, 2005, by and among the Issuers, the subsidiary guarantors listed on Schedule I-A thereto, and Citigroup Global Markets Inc., for themselves and as representatives of the several initial purchasers listed on Schedule II thereto (the "Registration Rights Agreement"). The Registration Rights Agreement required the Issuers

to, among other things, (1) file a registration statement with the SEC to be used in connection with the exchange of the Notes for publicly registered notes with substantially identical terms, (2) use their reasonable best efforts to cause the registration statement to be declared effective within 210 days from the date the Notes were issued, and (3) use their commercially reasonable efforts to consummate the exchange offer with respect to the Notes within 270 days from the date the Notes were issued. In April 2006, the Company filed a registration statement on Form S-4 in order to register new notes (the "New Notes") with substantially the same terms and conditions as the Notes in order to facilitate an exchange of the New Notes for the Notes. This registration statement on Form S-4 was declared effective by the SEC on May 10, 2006 and the Company commenced an exchange offer to exchange the Notes for the New Notes. The exchange offer was completed during June 2006 with 100% participation.

The Senior Notes were priced at 98.688%, resulting in a discount at the time of issue of \$8.5 million. The discount is being amortized using the effective interest method. As of October 28, 2006, the unamortized original issue discount was \$7.1 million.

In May 2006, the Company announced that its Board of Directors has authorized the buyback of up to an aggregate of \$100 million of its Senior Floating Rate Notes and Senior Notes. The timing and amount of the repurchases will be determined by the Company's management based on their evaluation of market conditions and other factors. In addition, the repurchases may be suspended or discontinued at any time. As of October 28, 2006, the Company had repurchased \$36.3 million of its Senior Notes and \$30 million of its Senior Floating Rate Notes and delivered the Notes to the Trustee for cancellation. The associated loss on retirement of debt is \$3.6 million.

In October 2004, Historical GameStop issued a promissory note in favor of Barnes & Noble in the principal amount of \$74.0 million in connection with the repurchase of Historical GameStop's Class B common shares held by Barnes & Noble. Principal payments of \$37.5 million, \$12.2 million and \$12.2 million were made in January 2005, October 2005 and October 2006, respectively, as required by the promissory note, which also requires a final principal payment of \$12.2 million due in October 2007. The note is unsecured and bears interest at 5.5% per annum, payable when principal installments are due.

On May 25, 2005, a subsidiary of EB closed on a 10-year, \$9.5 million mortgage agreement collateralized by a new 315,000 square foot distribution facility located in Sadsbury Township, Pennsylvania. Interest is fixed at a rate of 5.4% per annum. On June 15, 2006, the outstanding principal balance under the mortgage of approximately \$9.2 million was paid in full in conjunction with the sale of the distribution facility.

Based on our current operating plans, we believe that cash generated from our operating activities and available cash balances will be sufficient to fund our operations, required payments on the Notes and the note payable to Barnes & Noble, store expansion and remodeling activities and corporate capital expenditure programs for at least the next 12 months.

#### **Recent Accounting Pronouncements**

In July 2006, the Financial Accounting Standards Board ("FASB") issued Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" ("FIN 48"). FIN 48 requires the use of a two-step approach for recognizing and measuring tax benefits taken or expected to be taken in a tax return and disclosures regarding uncertainties in income tax positions. We are required to adopt FIN 48 effective February 4, 2007. The cumulative effect of initially adopting FIN 48 is to record an adjustment to opening retained earnings in the year of adoption. Only tax positions that meet the more likely than not recognition threshold at the effective date may be recognized upon adoption of FIN 48. The Company is currently evaluating the potential impact of implementation of FIN 48 on our financial position and future results of operations.

In September 2006, the FASB issued Statement of Financial Accounting Standard No. 157, "Fair Value Measurements", ("SFAS 157"). This statement defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. This statement applies under other accounting pronouncements that require or permit fair value measurements. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007. The Company is currently assessing the impact that the adoption of SFAS No. 157 will have on its consolidated financial statements.

In September 2006, the SEC issued Staff Accounting Bulletin (“SAB”) No. 108 in order to eliminate the diversity of practice surrounding how public companies quantify financial statement misstatements. In SAB No. 108, the SEC staff established an approach that requires quantification of financial statement misstatements based on the effects of the misstatements on each of the Company’s financial statements and the related financial statement disclosures. SAB No. 108 is effective for fiscal years ending after November 15, 2006. The Company is currently assessing the impact that the adoption of SAB No. 108 will have on its consolidated financial statements.

In June 2006, the Emerging Issues Task Force (EITF) ratified its conclusion on EITF No. 06-03, *How Taxes Collected From Customers and Remitted to Governmental Authorities Should Be Presented in the Income Statement (That Is, Gross Versus Net Presentation)*. The EITF concluded that the presentation of taxes assessed by a governmental authority that is directly imposed on a revenue-producing transaction between a seller and a customer such as sales, use, value added and certain excise taxes, is an accounting policy decision that should be disclosed in a company’s financial statements. Additionally, companies that record such taxes on a gross basis should disclose the amounts of those taxes in interim and annual financial statements for each period for which an income statement is presented if those amounts are significant. We have historically presented such taxes on a net basis. EITF 06-03 is effective for fiscal years beginning after December 15, 2006.

**Disclosure Regarding Forward-looking Statements**

This report on Form 10-Q and other oral and written statements made by the Company to the public contain forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934 (the “Exchange Act”). The forward-looking statements involve a number of risks and uncertainties. A number of factors could cause our actual results, performance, achievements or industry results to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. These factors include, but are not limited to:

- our reliance on suppliers and vendors for sufficient quantities of their products and for new product releases;
- economic conditions affecting the electronic game industry;
- the competitive environment in the electronic game industry;
- our ability to open and operate new stores;
- our ability to attract and retain qualified personnel;
- the impact and costs of litigation and regulatory compliance;
- unanticipated litigation results;
- the risks involved with our international operations;
- our ability to successfully manage the combined operations of the Company;
- the cost savings and other synergies from the merger may not be fully realized or may take longer to realize than expected; and
- other factors described in the Form 10-K, including those set forth under the caption “Item 1A. Risk Factors.”

In some cases, forward-looking statements can be identified by the use of terms such as “anticipates,” “believes,” “continues,” “could,” “estimates,” “expects,” “intends,” “may,” “plans,” “potential,” “predicts,” “pro forma,” “should,” “seeks,” “will” or similar expressions. These statements are only predictions and involve known and unknown risks, uncertainties and other factors that may cause our or our industry’s actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. You should not place undue reliance on these forward-looking statements.

Although we believe that the expectations reflected in our forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise after the date of this Form 10-Q. In light of these risks and uncertainties, the forward-looking events and circumstances contained in this Form 10-Q may not occur, causing actual results to differ materially from those anticipated or implied by our forward-looking statements.

**ITEM 3. Quantitative and Qualitative Disclosures About Market Risk**

**Interest Rate Exposure**

We do not use derivative financial instruments to hedge interest rate exposure. We limit our interest rate risks by investing our excess cash balances in short-term, highly-liquid instruments with a maturity of one year or less. In addition, the Notes issued in connection with the merger include both fixed rate and floating rate notes with the intent to minimize exposure to changes in interest rates. A hypothetical increase (or decrease) of 10% of the effective rate on the floating rate notes would result in a change in the annual interest expense of \$2.5 million. The effective rate on the floating rate notes was 9.24663% on October 28, 2006. We do not expect any material losses from our invested cash balances, and we believe that our interest rate exposure is modest.

**Foreign Currency Risk**

The merger significantly increased our exposure to foreign currency fluctuations because a larger amount of our business is now transacted in foreign currencies. While Historical GameStop generally did not enter into derivative instruments with respect to foreign currency risks, EB routinely used forward exchange contracts and cross-currency swaps to manage currency risk and had a number of open positions designated as hedge transactions as of the merger date. The Company discontinued hedge accounting treatment for all derivative instruments acquired in connection with the merger.

The Company follows the provisions of Statement of Financial Accounting Standards No. 133, *Accounting for Derivative Instruments and Hedging Activities*, ("SFAS 133") as amended by Statement of Financial Accounting Standards No. 138, *Accounting for Certain Derivative Instruments and Certain Hedging Activities*. SFAS 133 requires that all derivative instruments be recorded on the balance sheet at fair value. Changes in the fair value of derivatives are recorded each period in current earnings or other comprehensive income, depending on whether the derivative is designated as part of a hedge transaction, and if it is, depending on the type of hedge transaction.

The Company uses forward exchange contracts, foreign currency options and cross-currency swaps, (together, the "Foreign Currency Contracts") to manage currency risk primarily related to intercompany loans denominated in non-functional currencies and certain foreign currency assets and liabilities. These Foreign Currency Contracts are not designated as hedges and, therefore, changes in the fair values of these derivatives are recognized in earnings, thereby offsetting the current earnings effect of the re-measurement of related intercompany loans and foreign currency assets and liabilities. The aggregate fair value of the Foreign Currency Contracts at October 28, 2006 was a loss of \$8.7 million. A hypothetical strengthening or weakening of 10% in the foreign exchange rates underlying the Foreign Currency Contracts from the market rate at October 28, 2006 would result in a (loss) or gain in value of the forwards and swaps of (\$6.4) million or \$5.3 million, respectively. The Company had no Foreign Currency Contracts prior to October 8, 2005.

**ITEM 4. Controls and Procedures**

(a) Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, the Company conducted an evaluation, under the supervision and with the participation of the principal executive officer and principal financial officer, of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act). Based on this evaluation, the principal executive officer and principal financial officer concluded that the Company's disclosure controls and procedures are effective. Notwithstanding the foregoing, a control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that it will detect or uncover

failures within the Company to disclose material information otherwise required to be set forth in the Company's periodic reports.

(b) Changes in Internal Controls

The Company completed the merger with EB on October 8, 2005. EB operated on different information technology systems from the Company. As part of the development of integration plans, the Company identified those systems operated by EB to be replaced by the Company's information technology systems. The Company has completed the implementation of those information technology systems at EB and is currently integrating its internal control processes at EB. Other than the acquisition of EB, there was no change in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the Company's most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

**PART II — OTHER INFORMATION**

**ITEM 1. Legal Proceedings**

On October 19, 2004, Milton Diaz filed a complaint against a subsidiary of EB in the U.S. District Court for the Western District of New York. Mr. Diaz claims to represent a group of current and former employees to whom Electronics Boutique of America Inc. ("EBOA") allegedly failed to pay minimum wages and overtime compensation in violation of the Fair Labor Standards Act ("FLSA") and New York law. The plaintiff, joined by another former employee, moved to conditionally certify a group of similarly situated individuals under the FLSA and in March 2005, there was a hearing on this motion. In March 2005, plaintiffs filed a motion on behalf of current and former store managers and assistant store managers in New York to certify a class under New York wage and hour laws. In August 2005, EBOA filed a motion for summary judgment as to certain claims and renewed its request that certification of the claims be denied. On October 17, 2005, the District Court issued an Order denying plaintiffs' request for conditional certification under the FLSA and for class certification of plaintiffs' New York claims. Plaintiffs have requested permission from the Second Circuit Court of Appeals to appeal the District Court's Order denying class certification of their New York claims. EBOA's summary judgment motion was scheduled to be heard in December 2005. Before the hearing on the summary judgment motion, the parties agreed to attempt to resolve the matter without further litigation. Both the District Court and the Second Circuit have stayed their proceedings pending the parties' settlement negotiations. We do not believe there is sufficient information to estimate the amount of the possible loss, if any, resulting from this matter.

On February 14, 2005, and as amended, Steve Strickland, as personal representative of the Estate of Arnold Strickland, deceased, Henry Mealer, as personal representative of the Estate of Ace Mealer, deceased, and Willie Crump, as personal representative of the Estate of James Crump, deceased, filed a wrongful death lawsuit against GameStop, Sony, Take-Two Interactive, Rock Star Games and Wal-Mart (collectively, the "Defendants") and Devin Moore in the Circuit Court of Fayette County, Alabama, alleging that Defendants' actions in designing, manufacturing, marketing and supplying Defendant Moore with violent video games were negligent and contributed to Defendant Moore killing Arnold Strickland, Ace Mealer and James Crump. Plaintiffs are seeking damages of \$600 million under the Alabama wrongful death statute and punitive damages. GameStop and the other defendants intend to vigorously defend this action. The Defendants filed a motion to dismiss the case on various grounds, which was heard in November 2005 and was denied. The Defendants appealed the denial of the motion to dismiss and on March 24, 2006, the Alabama Supreme Court denied the Defendants' application. Discovery is proceeding. Mr. Moore was found guilty of capital murder in a criminal trial in Alabama and was sentenced to death in August 2005. We do not believe there is sufficient information to estimate the amount of the possible loss, if any, resulting from the lawsuit.

On April 18, 2006, former and current store managers Charles Kohler, James O. Little, III, Jason Clayton, Nick Quintois, Kirk Overby and Amy Johnson (collectively the "plaintiffs") filed a complaint against the Company in the U.S. District Court for the Eastern District of Louisiana, alleging that GameStop's salaried retail managers were misclassified as exempt in violation of the FLSA and should have been paid overtime. The plaintiffs sought to represent all current and former salaried retail managers who were employed by GameStop (as well as a subsidiary

of EB) for the three years before April 18, 2006. The Company filed a motion to dismiss, transfer or stay the case based on the pendency of a prior action. After the parties fully briefed the motion but were still awaiting the court's decision, they negotiated a settlement of the plaintiffs' individual claims. In November 2006, the court approved the settlement and the case has been dismissed. The settlement will not have a material impact on the Company's financial position and results of operations.

In the ordinary course of our business, the Company is, from time to time, subject to various other legal proceedings. Management does not believe that any such other legal proceedings, individually or in the aggregate, will have a material adverse effect on the Company's operations or financial condition.

There have been no other material developments in previously reported legal proceedings during the fiscal quarter covered by this Form 10-Q.

**ITEM 1A. Risk Factors**

In addition to the other information set forth in this Form 10-Q, you should carefully consider the factors discussed under "Risk Factors" in "Item 1A. Risk Factors" in our Form 10-K for the fiscal year ended January 28, 2006 filed with the SEC on April 3, 2006. These risks could materially and adversely affect our business, financial condition and results of operations. The risks described in our Form 10-K have not changed materially, however, they are not the only risks we face. Our operations could also be affected by additional factors that are not presently known to us or by factors that we currently consider immaterial to our business.

SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, R. Richard Fontaine, certify that:

1. I have reviewed this report on Form 10-Q of GameStop Corp.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal controls over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a. designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent function):
  - a. all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b. any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
