Re: Offer Letter

Dear Jenna,

Congratulations! I am pleased to offer you the position of Executive Vice President, Chief Operating Officer at GameStop Texas, Ltd., a wholly owned subsidiary of GameStop Corp. (the "Company"). You will report to the Chief Executive Officer of the Company. You will be subject to all policies of the Company and GameStop Texas, Ltd. in effect from time to time, including the Company's Anti-Hedging Policy, Clawback Policy, Insider Trading Policy and Code of Ethics.

We would like you to start on a mutually agreed upon date no later than March 29th, 2021. Your starting annualized base salary will be \$200,000, less applicable taxes.

You will also be eligible to earn a total of \$2,500,000 in sign on bonuses. These bonuses will be paid in 24 monthly installments, as follows: In each of the first 12 months of your employment with us, you receive a sign-on bonus installment of \$125,000, less applicable taxes. In each of months 13 through 24 of your employment with us, you will receive a sign-on bonus installment of \$83,333.33, less applicable taxes. Your right to receive each installment is conditioned on your continuous employment with us through the payment date of that installment. Except in case of your involuntary termination of employment without Cause as provided below, if your employment with us ceases for any reason, no additional installments will be paid.

On the first business day of the first calendar quarter that commences after your start date, and subject to your active employment with us on that date, you will be granted a number of restricted stock units or restricted shares of the Company's Class A common stock ("Common Stock") determined by dividing \$9,000,000 by the average closing price of Common Stock for the 30 trading days immediately preceding the grant date (the "Initial Equity Award"). The Initial Equity Award will vest as follows: 5% on the first anniversary of the grant date, 15% of the second anniversary of the grant date, and 20% on each of the dates that are 30, 36, 42 and 48 months following the grant date, subject in each case to your continuous service through the applicable vesting date. The above-described equity award will be documented in a separate award agreement; that agreement will contain additional terms and conditions (not inconsistent with this letter) and be delivered to you following the applicable grant date.

The Company's agreement to grant equity to you and to pay you signing bonus installments does not guarantee your employment for any period or otherwise limit our ability to terminate your employment at any time, for any reason, even if your opportunity to receive or vest in such equity or receive such signing bonus installments would be forfeited as a result of such termination. We will periodically review your performance and compensation levels and may, beginning in 2022, make adjustments consistent with our executive compensation program, all as determined in the sole discretion of the Compensation Committee of our Board of Directors.

625 Westport Parkway Grapevine, TX 76051 817-424-2000

You are eligible for 3 weeks of vacation per year. On the 61st day from your start date, you will be eligible to participate in the Company's health (including dental and vision) benefits program, as well as be automatically covered in the Company's company-paid life insurance program and, after 90 days, the long-term disability program. We will cover the cost of the first two months of COBRA premiums that you are required to pay for COBRA coverage with your former employer to bridge the period to the start of your coverage under our plans. You must provide us with written documentation of those COBRA premium costs by no later than June 2021, and we will pay you two months of those costs in a lump sum payment as soon as practicable (not more than 30 days) after we have received that documentation. You will be eligible to participate in the 401(k) plan on the first day of the month following or coinciding with 60 days of service. You will be eligible for the company match commencing with the first of the month after or coinciding with your first year of service. The company match is funded on an annual frequency. Please feel free to contact our Benefits Team at (817) 722-7501 or 1-866-637-4387 with any specific benefit questions you may have.

Your position requires you to permanently relocate to Dallas/Ft Worth,TX. You are not eligible for benefits under our relocation policy. Instead, we will pay you a relocation bonus in the first pay period after your start date in the gross amount of \$200,000 to assist you with your relocation costs.

Consistent with all roles in the organization, your employment will be on an at-will basis, having no specified term, and may be terminated at the will of either party on notice to the other. However, if we terminate your employment for any reason other than Cause (as defined on Exhibit A), you will receive the following severance benefits, subject to the conditions noted below: (i) we will pay you an amount equal to six months of your base salary, (ii) we will pay you an amount equal to the applicable premium for COBRA continuation coverage for you and your eligible dependents for six months, and (iii) we will pay you any sign on bonus installments which have not then already been paid. In order to be eligible for these benefits you must (x) within 60 days after your termination date, sign and not revoke a release of claims on such form as we customarily use with other employees, and (y) comply with any applicable post-employment covenants under any other written agreement with us. Payment will be made in a single lump sum cash payment, less required tax withholdings, as soon as practicable after the release becomes effective, and in no event later than 75 days after the termination date.

This letter does not include any "good reason" basis for you to resign and receive severance benefits. However, if the Company provides "good reason" severance protection to executive vice presidents hired in the future, the Company will consider whether it is then appropriate to provide such enhanced severance protection to you.

You will have rights (i) to indemnification in accordance with, and subject to the terms and conditions of, and limitations in, our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws and (ii) under any applicable directors and officers insurance under which you are covered.

Any modification of any of the terms of this letter must be made in writing and signed by an executive officer of the Company to be valid and enforceable.

Your compensation package, as detailed in this document, is personal and confidential. Please do not discuss the details of this information with anyone other than me or those indicated below.

Fiscal 2020 Overview

- Net sales were \$5.090 billion compared to \$6.466 billion in fiscal 2019, reflecting an operating environment that included the impact of operating during the wind-down of the seven-year-old prior console cycle, a 12% decrease in the store base due to the Company's strategic de-densification efforts, which was partially offset by recaptured sales via nearby stores and E-commerce, and a significant reduction in global store operating days as a result of temporary store closures in response to the COVID-19 pandemic at various times throughout the year;

- Global E-Commerce sales (included in comparable stores sales) increased 191% increase for the fiscal year and represented nearly 30% of total net sales;
- Gross margin was 24.7%, a decline of 480 basis points compared to the prior year primarily driven by the expected mix shift toward lower margin console sales in response to the launch of generation 9 consoles, increased freight and credit card fees associated with the shift to E-Commerce sales and a broader promotional stance;

George Sherman, GameStop's chief executive officer, said, "I am proud of how our entire organization came together in 2020 to adapt to the challenging pandemic environment, effectively serve our customers' demand for gaming and entertainment products, and navigate through the year with strong liquidity and a strengthened balance sheet. Our execution led to a profitable fourth quarter that included a 6.5% comparable store sales growth, a 175% increase in global E-Commerce sales and a \$92.6 million reduction in SG&A. The past year also saw us take steps to accelerate our de-densification efforts and streamline our store footprint, leverage our retail locations to provide same-day delivery and curbside pickups, and continue to enhance our suite of E-Commerce platforms. We also added important experience to our board by appointing several new directors with backgrounds in corporate finance, E-Commerce and technology and subsequently established a strategy-focused committee to accelerate our transformation."

"We are off to a strong start in 2021 as February comparable store sales increased 23%, led by continued strength in global hardware sales. As we look ahead, we are excited by the opportunities that are in front of us as we begin prioritizing long-term digital and E-Commerce initiatives while continuing to execute on our core business during this emerging console cycle. Our emphasis in 2021 will be on improving our E-Commerce and customer experience, increasing our speed of delivery, providing superior customer service and expanding our catalogue," Sherman concluded.

As of January 30, 2021, the Company had \$635 million in cash and restricted cash compared to \$513.5 million in cash and restricted cash in the prior year. The Company's outstanding borrowings under its asset-based revolving credit facility were \$25 million, which were subsequently repaid as of March 15, 2021.

As of January 30, 2021, the Company had \$146.7 million of short-term debt and \$216.0 million of long-term debt on its balance sheet. During the fourth quarter, as previously announced on November 10, 2020, the Company announced the voluntary early redemption of \$125 million in principal amount of its 6.75% senior notes due 2021, on December 11, 2020. On March 15, 2021, the Company fully redeemed the remaining \$73.2 million of its 6.75% senior notes due 2021, reflecting the Company's strategy to strengthen its balance sheet, improve its debt profile and optimize its capital structure.

As of March 15, 2021, following the pay down of outstanding borrowings under the Company's asset-based revolving credit facility and the redemption of its 6.75% senior notes due in 2021, the Company had \$48.5 million of short-term debt and \$216.0 million of long-term debt remaining on its balance sheet.

Corporate Update

During the fiscal 2020 fourth quarter, the Company added three new members – Alan Attal, Ryan Cohen and Jim Grube – to its Board of Directors (the "Board"). The Board subsequently formed a Strategic Planning and Capital Allocation Committee (the "Committee") to identify initiatives that can further accelerate the Company's transformation. The Committee is comprised of Mr. Attal, Mr. Cohen, and Kurt Wolf, with Mr. Cohen serving as Chairperson. Since the Committee's formation in late January 2020, the Company has appointed a Chief Technology Officer and several other executives with experience in E-Commerce, customer care and technology. In March 2021, the Company appointed Jenna Owens as its Chief Operating Officer. Ms. Owens has spent the majority of the past decade in executive roles at Amazon and Google.

The Company is continuing to actively pursue senior talent with E-Commerce, retail and technology experience in order to transform the business over the long-term. In the near-term, the Company is continuing to position its brick-and-mortar footprint and digital assets to capitalize on the emerging console cycle and additional gaming opportunities.

Starting with the first quarter of fiscal 2021, the Company intends to modify its method of communicating its quarterly financial results. These communications will include a press release with the required disclosures and will be accompanied by a presentation to include detailed supplemental financial disclosures, financial statements and other operational highlights, accessible via the Company's Investor Relations home page at (http://investor.GameStop.com/).

2021 Strategic Initiatives

GameStop is focused on transforming into a customer-obsessed technology company that delights gamers. The Board and management are taking the below steps in fiscal year 2021:

- Investing in technology capabilities, including by in-sourcing talent and revamping systems, and evaluating next-generation assets;
- Building a superior customer experience;
- Expanding product offerings;
- Modernizing U.S. fulfillment operations to improve speed of delivery and service;
- Establishing a U.S.-based customer care operation, and;
- Leveraging the Company's digital assets, including Game Informer and PowerUp Rewards, to increase market share within the growing online gaming community.

2021 Outlook

During 2021, the Company will focus on its transformation while also capitalizing on the emerging console cycle and navigating the COVID-19 pandemic. The Company is continuing to suspend guidance at this time. Further, as a result of prolonged pandemic related store closures which began in March 2020, which will impact the calculation of comparable store sales this year, the Company does not currently intend to report this metric in fiscal 2021. The Company believes total net sales is the more appropriate metric to evaluate the performance of the business at this time. As the Company continues to reposition during 2021, it will continue to evaluate the metrics that it believes will most effectively inform investors of the Company's performance, development and outlook.

Webcast and Conference Call Information

The phone number for the call is 877-451-6152 and the confirmation code is 13715567. This webcast will be archived for two months on GameStop's corporate website.

Non-GAAP Measures and Other Metrics

As a supplement to our financial results presented in accordance with U.S. generally accepted accounting principles (GAAP), GameStop may use certain non-GAAP measures, such as adjusted SG&A, adjusted operating income (loss), adjusted net income (loss), adjusted diluted earnings (loss) per share, adjusted EBITDA and free cash flow. We believe these non-GAAP financial measures provide useful information to investors in evaluating our core operating performance. Adjusted selling, general and administrative expenses ("Adjusted SG&A"), adjusted operating income (loss), adjusted net income (loss) and adjusted earnings (loss) per share exclude the effect of items such as transformation costs, asset impairments, store closure costs, severance, non-operating tax charges, as well as divestiture costs. Results reported as constant currency exclude the impact of fluctuations in foreign currency exchange rates by converting our local currency financial results using the prior period exchange rates and comparing these adjusted amounts to our current period reported results. Our definition and calculation of non-GAAP financial measures may differ from that of other companies. Non-GAAP financial measures should be viewed as supplementing, and not as an alternative or substitute for, the Company's financial results prepared in accordance with GAAP. Certain of the items that may be excluded or included in non-GAAP financial measures may be significant items that could impact the Company's financial position, results of operations or cash flows and should therefore be considered in assessing the Company's actual and future financial condition and performance. A complete definition of comparable store sales can be found in the Company's Form 10-K for the fiscal year ended January 30, 2021, being filed on the date of this press release.

Non-GAAP Measures and Other Metrics

Adjusted EBITDA, adjusted selling, general and administrative expense, adjusted operating income and adjusted net income are supplemental financial measures of the Company's performance that are not required by, or presented in accordance with, GAAP. We believe that the presentation of these non-GAAP financial measures provides useful information to investors in assessing our financial condition and results of operations.

We define Adjusted EBITDA as net income (loss) before income taxes, plus interest expense, net and depreciation and amortization, excluding stock-based compensation, transformation costs, business divestitures, asset impairments, severance and other non-cash charges. Net income (loss) is the GAAP financial measure most directly comparable to Adjusted EBITDA. Our non-GAAP financial measures should not be considered as an alternative to the most directly comparable GAAP financial measures. Furthermore, non-GAAP financial measures have limitations as an analytical tool because they exclude some but not all items that affect the most directly comparable GAAP financial measures. Some of these limitations include:

- certain items excluded from Adjusted EBITDA are significant components in understanding and assessing a company's financial performance, such as a company's cost of capital and tax structure;
- Adjusted EBITDA does not reflect our cash expenditures or future requirements for capital expenditures or contractual commitments;
- Adjusted EBITDA does not reflect changes in, or cash requirements for, our working capital needs;
- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and Adjusted EBITDA does not reflect any cash requirements for such replacements; and
- · our computations of Adjusted EBITDA may not be comparable to other similarly titled measures of other companies.

We compensate for the limitations of adjusted EBITDA, adjusted selling, general and administrative expense, adjusted operating income and adjusted net income as analytical tools by reviewing the comparable GAAP financial measure, understanding the differences between the GAAP and non-GAAP financial measures and incorporating these data points into our decision-making process. Adjusted EBITDA, adjusted selling, general and administrative expense, adjusted operating income and adjusted net income is provided in addition to, and not as an alternative to, the Company's financial results prepared in accordance with GAAP, and should not be considered in isolation or as a substitute for analysis of our results as reported under GAAP. Because adjusted EBITDA, adjusted selling, general and administrative expense, adjusted operating income and adjusted for analysis of our results as reported under GAAP. Because adjusted EBITDA, adjusted selling, general and administrative expense, adjusted operating income and adjusted for analysis of our results as reported under GAAP. Because adjusted EBITDA, adjusted selling, general and administrative expense, adjusted operating income and adjusted for analysis of our results as reported under GAAP. Because adjusted EBITDA, adjusted selling, general and administrative expense, adjusted operating income and adjusted for income may be defined and determined differently by other companies in our industry, our definitions of these non-GAAP financial measures may not be comparable to similarly titled measures of other companies, thereby diminishing their utility.
