GameStop Discloses Second Quarter 2023 Results

GRAPEVINE, Texas—(GLOBE NEWSWIRE)—September 6, 2023—GameStop Corp. (NYSE: GME) ("GameStop" or the "Company") today released financial results for the second quarter ended July 29, 2023. The Company's condensed and consolidated financial statements, including GAAP and non-GAAP results, are below. The Company's Form 10-Q and supplemental information can be found at https://investor.gamestop.com.

SECOND QUARTER OVERVIEW

- Net sales were \$1.164 billion for the period, compared to \$1.136 billion in the prior year's second quarter.
- Selling, general and administrative ("SG&A") expenses were \$322.5 million, or 27.7% of net sales for the period, compared to \$387.5 million, or 34.1% of net sales, in the prior year's second guarter.
- Net loss was \$2.8 million for the period, compared to a net loss of \$108.7 million for the prior year's second guarter.
- Transition costs related to European restructuring efforts were \$4.3 million for the second quarter.
- Cash, cash equivalents and marketable securities were \$1.195 billion at the close of the quarter.
- Long-term debt remains limited to one low-interest, unsecured term loan associated with the French government's response to COVID-19.

The Company will not be holding a conference call today. Additional information can be found in the Company's Form 10-Q.

NON-GAAP MEASURES AND OTHER METRICS

As a supplement to the Company's financial results presented in accordance with U.S. generally accepted accounting principles ("GAAP"), GameStop may use certain non-GAAP measures, such as adjusted SG&A expense, adjusted operating income (loss), adjusted net income (loss), adjusted earnings (loss) per share, adjusted EBITDA and free cash flow. The Company believes these non-GAAP financial measures provide useful information to investors in evaluating the Company's core operating performance. Adjusted SG&A expense, adjusted operating income (loss), adjusted net income (loss), adjusted earnings (loss) per share and adjusted EBITDA exclude the effect of items such as certain transformation costs, asset impairments, severance, as well as divestiture costs. Free cash flow excludes capital expenditures otherwise included in net cash flows from (used in) operating activities. The Company's definition and calculation of non-GAAP financial measures may differ from that of other companies. Non-GAAP financial measures should be viewed as supplementing, and not as an alternative or substitute for, the Company's financial results prepared in accordance with GAAP. Certain of the items that may be excluded or included in non-GAAP financial measures may be significant items that could impact the Company's financial position, results of operations or cash flows and should therefore be considered in assessing the Company's actual and future financial condition and performance.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS - SAFE HARBOR

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are based upon management's current beliefs, views, estimates and expectations, including as to the Company's industry, business strategy, goals and expectations concerning its market position, strategic and transformation initiatives, future operations, margins, profitability, sales growth, capital expenditures, liquidity, capital resources, expansion of technology expertise, and other financial and operating information, including expectations as to future operating profit improvement. Such statements include without limitation those about the Company's expectations for fiscal 2023, future financial and operating results, projections and other statements that are not historical facts. Forward-looking statements are subject to significant risks and uncertainties and actual developments, business decisions, outcomes and results may differ materially from those reflected or described in the forward-looking statements. The following factors, among others, could cause actual developments, business decisions, outcomes and results to differ materially from those reflected or described in the forward-looking statements: economic, social, and political conditions in the markets in which we operate; the competitive nature of the Company's industry; the cyclicality of the video game industry; the Company's dependence on the timely delivery of new and innovative products from its vendors; the impact of technological advances in the video game industry and related changes in consumer behavior on the Company's sales; interruptions to the Company's supply chain or the supply chain of our suppliers; the Company's dependence on sales during the holiday selling season; the Company's ability to obtain favorable terms from its current and future suppliers and service providers; the Company's ability to anticipate, identify and react to trends in pop culture with regard to its sales of collectibles; the Company's ability to maintain strong retail and ecommerce experiences for its customers; the Company's ability to keep pace with changing industry technology and consumer preferences; the Company's ability to manage its profitability and cost reduction initiatives; turnover in senior management or the Company's ability to attract and retain qualified personnel; potential damage to the Company's reputation or customers' perception of the Company; risks associated with new digital asset products and services; the Company's ability to maintain the security or privacy of its customer, associate or Company information; occurrence of weather events, natural disasters, public health crises and other unexpected events; potential failure or inadequacy of the Company's computerized systems; the ability of the Company's third party delivery services to deliver products to the Company's retail locations, fulfillment centers and consumers and changes in the terms the Company has with such service providers; the ability and willingness of the Company's vendors to provide marketing and merchandising support at historical or anticipated levels; restrictions on the Company's ability to purchase and sell pre-owned products; the Company's ability to renew or enter into new leases on favorable terms; the potential monetary losses. user disputes, reputational harm and regulatory scrutiny from any hacking, social engineering or other cyber attacks in connection with digital assets; the potential failure or inadequacy of the Company's or its third party partners' systems or blockchain networks related to the Company's digital asset products and services; the unique risks and challenges related to content moderation and control from peer-to-peer NFT marketplaces; unfavorable changes in the Company's global tax rate; legislative actions; the Company's ability to comply with federal, state, local and international laws and regulations and statutes; the evolution of government regulation related to the Company's business initiatives; potential future litigation and other legal proceedings; potential legal, regulatory and other actions arising from the Company's digital asset products and services; potential investigations or litigation arising from the Company's digital asset investments, products or services; potential exposure to litigation arising from violations of law by third parties using the Company's digital asset products or services; potential unfavorable development regarding treatment of digital assets under U.S. and foreign tax laws; the Company's ability to comply with anti-money laundering and sanctions laws in connection with its digital asset products and services; volatility in the Company's stock price, including volatility due to potential short squeezes; continued high degrees of media coverage by third parties; the availability and future sales of substantial amounts of the Company's Class A common stock; fluctuations in the Company's results of operations from quarter to quarter; the restrictions contained in the agreement governing the Company's revolving credit facility; the Company's ability to generate sufficient cash flow to fund its operations; the Company's ability to incur additional debt; the Company's ability to implement a new ERP system; the Company's ability to maintain effective control over financial reporting; and the effects of recent developments on the price of digital assets and reputation of the digital asset industry. Additional factors that could cause results to differ materially from those reflected or described in the forward-looking statements can be found in GameStop's most recent Annual Report on Form 10-K filed with the SEC on March 28, 2023, in GameStop's Quarterly Reports on Form 10-Q filed with the SEC on June 7, 2023 and the date hereof, and other filings made from time to time with the SEC and available at www.sec.gov or on the Company's investor relations website (https://investor.gamestop.com). Forward-looking statements contained in this press release speak only as of the date of this press release. The Company undertakes no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by any applicable securities laws.

Non-GAAP results

The following tables reconcile the Company's selling, general and administrative expenses ("SG&A expense"), operating loss, net loss and loss per share as presented in its unaudited consolidated statements of operations and prepared in accordance with U.S. generally accepted accounting principles ("GAAP") to its adjusted SG&A expense, adjusted operating loss, adjusted net loss, adjusted EBITDA and adjusted loss per share. The diluted weighted-average shares outstanding used to calculate adjusted earnings per share may differ from GAAP weighted-average shares outstanding. Under GAAP, basic and diluted weighted-average shares outstanding are the same in periods where there is a net loss. The reconciliations below are from continuing operations only.

Non-GAAP results

The following table reconciles the Company's cash flows provided by operating activities as presented in its unaudited Consolidated Statements of Cash Flows and prepared in accordance with GAAP to its free cash flow. Free cash flow is considered a non-GAAP financial measure. Management believes, however, that free cash flow, which measures our ability to generate additional cash from our business operations, is an important financial measure for use by investors in evaluating the company's financial performance.

Non-GAAP Measures and Other Metrics

Adjusted EBITDA, adjusted SG&A expense, adjusted operating loss and adjusted net loss per share are supplemental financial measures of the Company's performance that are not required by, or presented in accordance with, GAAP. We believe that the presentation of these non-GAAP financial measures provide useful information to investors in assessing our financial condition and results of operations. We define adjusted EBITDA as net income (loss) before income taxes, plus interest expense, net and depreciation and amortization, excluding stock-based compensation, certain transformation costs, business divestitures, asset impairments, severance and other non-cash charges. Net income (loss) is the GAAP financial measure most directly comparable to adjusted EBITDA. Our non-GAAP financial measures should not be considered as an alternative to the most directly comparable GAAP financial measure. Furthermore, non-GAAP financial measures have limitations as an analytical tool because they exclude some but not all items that affect the most directly comparable GAAP financial measures. Some of these limitations include:

- certain items excluded from adjusted EBITDA are significant components in understanding and assessing a company's financial performance, such as a company's cost of capital and tax structure;
- adjusted EBITDA does not reflect our cash expenditures or future requirements for capital expenditures or contractual commitments;
- adjusted EBITDA does not reflect changes in, or cash requirements for, our working capital needs;
- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and adjusted EBITDA does not reflect any cash requirements for such replacements; and
- our computations of adjusted EBITDA may not be comparable to other similarly titled measures of other companies.

We compensate for the limitations of adjusted EBITDA, adjusted SG&A expense, adjusted operating loss, adjusted net loss and adjusted loss per share as analytical tools by reviewing the comparable GAAP financial measure, understanding the differences between the GAAP and non-GAAP financial measures and incorporating these data points into our decision-making process. Adjusted EBITDA, adjusted SG&A expense, adjusted operating loss, adjusted net loss and adjusted net loss per share are provided in addition to, and not as an alternative to, the Company's financial results prepared in accordance with GAAP, and should not be considered in isolation or as a substitute for analysis of our results as reported under GAAP. Because adjusted EBITDA, adjusted SG&A expense, adjusted operating loss, adjusted net income and adjusted earnings (loss) per share may be defined and determined differently by other companies in our industry, our definitions of these non-GAAP financial measures may not be comparable to similarly titled measures of other companies, thereby diminishing their utility.
